## DRIVER SIDE

### DRIVER SIDE, DOOR 1

This compartment offers a Pass-Thru Tunnel Box, and access to the optional Van-Air Unit. It also contains the optional Hydraulic Oil Reservoir. Customize your compartment with (3) 28" adjustable shelves or any other combination that best suits your needs.

### DRIVER SIDE, DOOR 2

The Tire Service Compartment was designed to hold the optional Tire Service Kit, complete with a Cheetah Air Bomb/Bead Sealer, Sledge & Tire Hammer, Bead Breaker Wedge, Tire Iron, Skot Kit, Bottle Jack and Air Impact. This compartment easily accommodates a 25" shelf or a sturdy 22" 8 Drawer Tool Cabinet with top shelf. LED Lighting comes standard and additional custom storage solutions are available.

### DRIVER SIDE, DOOR 3

This well-lit storage compartment easily accommodates (2) 36" Adjustable shelves, designed to fit all of your hand tools, accessories, and other service equipment. Custom shelving and drawer configurations are also available.

### DRIVER SIDE, DOOR 4

The optional Fuel Transfer Kit can be conveniently housed within this compartment. Complete with a 55 gallon Tank, 50' Transfer Hose, 1" Suction Hose, and In-Line Fuel Meter. Fasten your safety equipment to the interior door, and store all of your necessary clean-up items like broom, shovel, and garbage cans. Zip's offers multiple custom storage and organization accessories to keep your equipment in place and accounted for.

## RSB INTERIOR

### RSB INTERIOR WORKSPACE

The RSB Interior Workspace offers 4' x 9' of walkable, diamond-plate floor area, with over 6' of headroom. The optional Lift Gate makes entrance even easier. Your operators can access the Van-Air Unit from the RSB Interior, and utilize (2) 110" x 20" Aluminum Work Benches. Securely fasten your tires & wheels, barrels or other equipment to the optional Horizontal E-Track System installed throughout the body's interior.

## OPTIONAL FEATURES

Hose Reel Kit

Bench Drawer Kit

E-Track Tie-Down

Hand Towel Holder

Adjustable Shelving

Switch Panel System

4 in 1 Power Unit

Telescoping Work Light

Hitch Step

Lift Gate

## DRIVER SIDE

## PASSENGER SIDE

## PASSENGER SIDE

### PASSENGER SIDE, DOOR 1

This compartment offers a Pass-Thru Tunnel Box, and access to the optional Van-Air Unit. It also contains the optional Hydraulic Oil Reservoir. Picture is shown with optional Brake Chamber Storage. Compartment can be fitted with (2) 28" adjustable shelves. Additional shelving and storage configurations are available including any combination of aerosol can mounts (pictured), or other hand tool organizers.

### PASSENGER SIDE, DOOR 2

Outfit this compartment with a 25" Adjustable Shelf Kit, and a durable 22" (8) Drawer Toolbox with top shelf. Multiple other custom toolbox and storage configurations are available.

### PASSENGER SIDE, DOOR 3

Keep all of your hand tools and service-work equipment organized and accessible with a 36" Adjustable Shelf Kit. Other storage configurations are available, including the (2) 3" Drawer Kit

### PASSENGER SIDE, DOOR 4

Storing the optional Van-Air 4 in 1 Control is this compartment, puts your welder, air, generator, and battery boost/charger all in one place. Custom interior storage racking in the box interior and on the door provides a storage solution for all of your equipment.
