

XL MECHANICAL FULL-WIDTH GOOSENECK

FEATURES

- Rear bridge features a 45° transition and traction aids
- 18" loaded deck height with 6" ground clearance
- Manual ride height control and double donuts
- Lockable toolbox with chain rack and light
- Rear coupler uses an angled control panel
- Front ramp tapers to 4 inches
- Rear is reinforced for flip axle

VERSATILE HAULING CAPABILITY

Manual ride height control and double donuts allow the main deck height to vary 1.5 inches in the wheel area and 1.5 inches at the neck to suit drivers' needs over varying terrains.

Add a flip axle when your load requires it. Add a 36" flip neck extension to the XL 90 MFG to get over a four axle truck.

FULL EQUIPPED MAIN DECK

The XL MFG deck is fully equipped for versatile hauling, with fourteen half-inch chain drops per side, eight bent d-rings per side, and removable swingout outrigger brackets on 24-inch centers. The rugged Apitong decking stands up to years of wear and tear.
