New Safety **Illuminated** Gloves from B/A!

Our new Safety **Illuminated** Gloves will provide you with high visibility protection when you absolutely need to be seen!

The flexible polymer strips can be set to a **steady glow** or to **flash mode** (lighted versions only). These gloves also feature three touch screen fingertips allowing you to use your smart phone and tablet devices without having to first remove your gloves. A must have for busy towing professionals on the go.

ILLUMINATED

- Bright orange LED illumination around rubberized safety cuff.
- 3 Touch screen finger tips for use with mobile devices.
- Illuminated flexible polymer strips with steady glow and flash modes.
- Padded knuckles provide protection against bumps.
- Stretch spandex back for flexibility and fit.
- Terry-wipe thumb helps gently remove sweat and debris from face.
- Powered by easily replaceable #2032 3V lithium batteries (included).
