(Shown without Cordura Cover)

US Patent# 9233585B1

How Do They Work?

The Jerk Rope shock absorbing links work by stretching upon initial loading, and then retracting, providing you with an extra boost of pulling force to help with the recovery of stuck vehicles.

This patented nylon web assembly connects with your existing chains, straps or cables with attached Grade 100 oblong master links on each end. It's compact size makes it easy to transport and store, and the heavy duty Cordura Cover helps to keep it protected.

The Big Jerk	Part# JR-100	47 lbs.
The Junior Jerk	Part# JR-75	28 lbs.
The Little Jerk	Part# JR-54	17 lbs.
The Mini Jerk	Part# JR-20	7 lbs.
