

QUIKBINDER™

A RATCHET LIKE NO OTHER

This premium patented ratchet binder is unlike any other binder available on the market today. The QuikBinder™ offers higher working load limits than standard ratchet load binders, and is designed for use with either Grade 70 Transport or Grade 80 Alloy tie-down chains.

The QuikBinder™ is also easier to install than standard ratchet load binders. The 3-position pawl offers the user a choice of ratchet extension, ratchet take-up or a "free spin" setting for fast adjustment in either direction. A load can be secured in half the time. It is available in three sizes and features a vinyl coated barrel for a strong, comfortable grip.

The folding handle makes the QuikBinder™ safer (no handle sticking out) and more convenient to use. Simply fold the handle down after the load is secure or when storing on your cab rack. Stronger, faster, safer and more functional than standard ratchet binders.
