

TOOLBOXES

Buyers
PRODUCTS COMPANY

2014-2015

Our History

1946
Buyers Products Company founded by Sam Ruven and Bessie Kleinman as a distributor of driveline components.

1988
VIKING FORGE
Buyers acquired Viking Forge in Streetsboro, Ohio with 6 complete forge lines. This facility manufactures our hitches, D-rings, and other towing and cargo parts.

1995
Buyers acquired **PROGRESSIVE POWDER COATING, INC.** Our Nordson automatic powder application booth is used to powder coat our Buyers toolboxes and other truck and trailer accessories.

Buyers continued to grow its product offerings and build valued relationships with customers and suppliers. Increased demand for products led to the pursuit of supply chain manufacturing solutions.

1992
Buyers acquired Trailer Components Manufacturing (Tracom) for CNC precision machining and tooling, as well as state-of-the-art welding.

2002
Buyers moved its corporate headquarters to a brand new 235,000 sq. ft. state-of-the-art office and distribution center.

2004
Buyers acquired Romotech in New Paris, Indiana. Our Ferry Industries Rotospeed molding machines are used to manufacture our poly salt spreaders.

2007
Buyers began manufacturing the SnowDogg stainless steel snowplow at our Mentor, Ohio facility.

2009
Buyers began our operations at Boomerang Rubber, in Botkins, Ohio manufacturing mudflaps, wheel chocks and other rubber truck and trailer accessories.

2013
Buyers acquired an additional 500,000 sq.ft. manufacturing facility in Mentor, Ohio allowing for expansion of our aluminum and stainless steel manufacturing.

Our Corporate Family of Companies

Founded in 1946, Buyers Products is a fully integrated manufacturer and supplier of products for the mobile equipment industry. **Multiple manufacturing capabilities include forging, stamping, laser cutting, CNC machining, robotic welding, rotational molding, powder coating and assembly.**

Product lines include towing products, toolboxes, truck and trailer hardware, rubber and polymer products, dump body hardware, cables and control systems, hydraulics, pneumatics, driveline components, lights, mudflaps, snowplows, salt spreaders and snow & ice control products.

Features

Recessed door and beveled door edges enhance watertight design.

Reinforced door backbone strengthens the integrity of the door and protects the latch mechanism.

Blind stud latches for increased security.

1/2" thick gasket system helps to seal out weather and road grime.

Stainless steel continuous hinge is watertight and rustproof.

See underbody replacement parts, pg. 34

1702505

Black Steel

- 14-gauge steel box*
- 12-gauge steel door or black diamond tread aluminum door
- Recessed door and beveled door edges protect from moisture & road dirt
- 1/2" thick gasket system
- Stainless steel, continuous hidden hinge
- Reinforced door backbone protects latch mechanism on boxes 36" and up
- Stainless steel locking rotary paddle latch, T-handle latch or die cast T-handle compression latch on aluminum door
- "Aircraft cable" door retainers
- Replaceable doors
- Powder coated for corrosion resistance
- Can mount on flat surface with 180° door opening

*66" boxes are constructed of 12-gauge steel

1702310

Steel & Stainless Steel Underbody

16-Gauge

- 16-gauge stainless steel (mil finish), polished stainless steel or powder coated steel box
- 14-gauge, bright polished, stainless steel door
- Recessed/beveled door
- Rain channel design
- 1/2" door gasket
- Stainless steel die cast T-handle compression latch (two latches on 48" & 60")
- Stainless steel continuous hinge protects from moisture and road dirt
- Reinforced door backbone, strengthens the integrity of the door and protects the latch mechanism
- No surface bolts or weld marks on door
- "Aircraft cable" door retainers
- Replaceable doors
- Can mount on flat surface with 180° door opening

Stainless Steel Underbody

14-Gauge, Highly Polished

- 14-gauge, bright polished, stainless steel door
- Rain channel design
- Stainless steel die cast T-handle compression latch (two latches on 48" & 60")
- Stainless steel continuous hinge protects from moisture and road dirt
- Reinforced door backbone, attached with carriage bolts, strengthens the integrity of the door and protects the latch mechanism
- No surface bolts or weld marks on door
- "Aircraft cable" door retainers
- Replaceable doors
- Can mount on flat surface with 180° door opening

1702650

Aluminum Underbody

- Recessed/beveled door
- Rain channel design
- Reinforced door backbone, on 30" and up, strengthens door's integrity and protects latch mechanism
- 1/2" door gasket (automotive-style)
- Continuous hidden hinge protects from moisture & road dirt
- Stainless steel die cast T-handle compression latch (two latches on 48" & 60" toolbox)
- Replaceable doors
- Doors interchange with steel underbody toolboxes

See underbody replacement parts, pg. 34

1717110

1717105

Polymer Underbody

- Constructed of molded high-density ribbed polyethylene
- D-bulb door seal protects from the elements
- Stainless steel recessed locking T-handle 3-point latch w/roller (includes 2 keys)
- Strong double-wall door
- 1/4" stainless steel full width hinge pin

Aluminum Barn-Door Style Underbody

- Constructed with the same design elements as the standard recessed door aluminum underbody
- Feature doors that swing outward, rather than downward, providing closer access to the contents of the box
- Single left-swing door on boxes 30" wide and smaller
- Double doors on boxes 36" wide and larger. Doors swing out from center and include two T-handle latches on right door. All double-door styles feature "full access" openings.
- .100 mil bright polished diamond tread aluminum
- Recessed door and Continuous hinge
- 3-Point locking stainless steel folding T-handle
- No center post for maximum door opening

Smooth Aluminum Double Barn-Door Style Underbody

- .100" thickness smooth aluminum construction
- T.I.G. welded corners
- Stainless steel continuous hinges
- Locking, stainless steel folding T-Handle
- D-bulb door seal
- 3-Point locking stainless steel folding T-handle
- No center post for maximum door opening

3-Point Latch

- 3-Point die-cast T-handle latch system means better security, tighter door seal & less stress on hinges
- Reinforced door backbone protects latch mechanism and strengthens door integrity
- Replaceable doors
- Stainless steel, continuous hidden hinge protects from moisture and road dirt
- 1/2" door gasket
- 14 gauge steel box/12 gauge steel door with black powder coat finish
- Stainless steel continuous hinge protects from moisture and road dirt
- No surface bolts or weld marks on door
- "Aircraft cable" door retainers
- Can mount on flat surface with 180° door opening (remove cable and door opens completely)

1732303

Recessed and
Beveled Door Edges

Optional Removable Tray

1/2" Thick Gasket System

Stainless Steel
Continuous Hinge

Reinforced Door
Backbone

Features

Recessed door and beveled door edges enhance watertight design.

Reinforced door backbone strengthens the integrity of the door and protects the latch mechanism.

1/2" thick gasket system helps to seal out weather and road grime.

Optional removable tray simply snaps into place. (no tools required)

Stainless steel continuous hinge is watertight and rustproof.

Steel Toppersider

- Large 14" tall door opening and the recessed door provide easy access to spacious storage area
- Full length stainless steel continuous hinge on doors offers a sturdy, durable and smooth performance
- Full open door (remove cable and door opens completely)
- Replaceable doors
- Reinforced door backbone strengthens integrity of door and protects latch mechanism
- Rain channel and door gasket keep moisture and dust out
- 16-gauge steel box; 14-gauge steel doors
- Stainless steel folding T-handle with lock for security (two per door on 96")
- Optional trays require no drilling; easy to remove
- White or black powder coat finish
- All mounting hardware included
- Support legs mount directly into bed floor, not into fender
- Thick, 3" wide rubber pad protects truck side rail
- No drilling in side rail; J-bolts fasten under bed lip
- All topsiders are center post constructed

Aluminum Topside

- Two large 12" tall doors with full-length continuous hinge and recessed frame
- Heavy-duty steel support legs mount directly into bed floor, not into fender
- Thick 3" wide rubber pad protects truck side rail
- No drilling in side rail; J-bolts fasten under bed lip
- Stainless steel die cast T-handle compression latch with lock for security
- Full-weather stripping keeps moisture and dust out
- Can mount on flat surface with 180° door opening (remove cable and door opens completely)

Features

Removable tray with storage dividers

The cover support housing protects the gas springs.

Stainless steel locking mechanism

Full weather stripping keeps dust and moisture out.

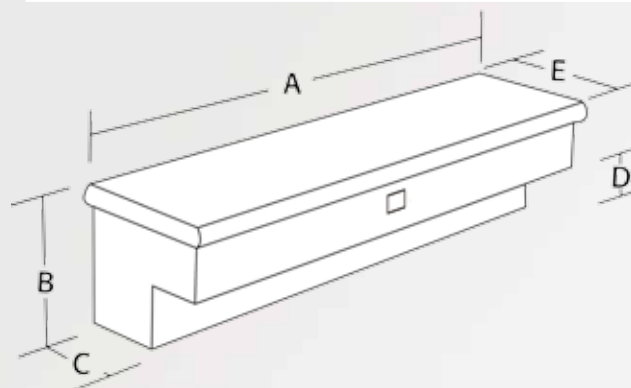

Aluminum Lo-side

- Low profile boxes mount on pickup truck side rail
- Constructed of heavy-duty diamond tread aluminum
- Top-opening lid features one-touch stainless steel push-button rotary locking mechanism and two gas shocks
- Use separately or with cross box/saddle box (note: when used with 20" wide crossbox, 70" lo-side toolbox provides maximum toolbox use on long bed pickups)
- Features removable tray with divider
- Includes heavy-duty steel mounting legs and hardware; J-hook mounting requires no drilling in truck side rails

May also be mounted in front of wheel wells on full-size long bed pickups.

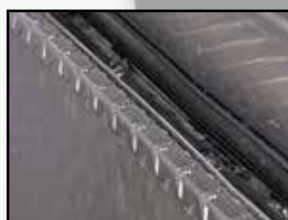

Pork Chop Features

Stainless steel one-touch push-button rotary locking mechanism

Gas spring cover support protects spring from damage

Fully concealed aluminum continuous hinge

Thick gasket system helps to seal out weather and road grime.

All-Purpose Chest Features

Gas spring cover support protects spring from damage

Two zinc-plated chest handles for easy lifting

Angled body design is ideal for use with fifth wheel & gooseneck trailer applications.

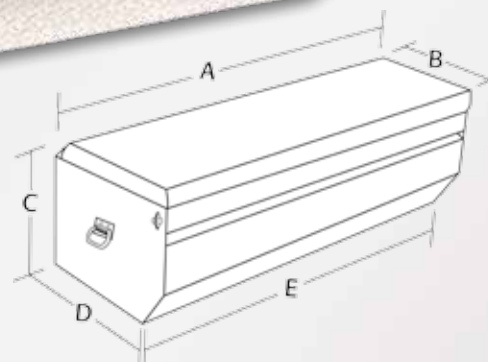

Reinforced channels in lid for extra durability

All-Purpose

- Large capacity, low profile chest mounts to bed of pickup
- Angled body design is ideal for use with fifth wheel & gooseneck trailer applications
- Offset lid design allows chest to be placed against front of pickup bed wall, with full lid access
- Constructed of heavy-duty diamond tread aluminum (front, ends & lid); smooth aluminum (back & bottom)
- Top-opening lid features two gas springs and one-touch stainless steel push-button rotary locking mechanism on driver's side
- Two zinc-plated chest handles for easy lifting

- Constructed of heavy-duty, impact resistant black polyethylene
- Double panel, top-opening lid w/ stainless steel or zinc hasps
- Stainless steel hinge - full width
- Built-in carrying handles
- Over lapping lid design seals out weather

All-Purpose Steel Chest

- For secure truck, shop and job site storage
- Mig-welded, 16 gauge steel construction
- Durable, black powder coat finish
- Reinforced, concealed hinged lid with lift handle and props
- Self-folding recessed handles
- Rugged fork lift/caster skids (casters not included)
- Recessed lock housing prevents tampering. Corner-mounted for extra strength
- Two-point dead bolt lock

All-Purpose Jumbo Chest Features

Stainless Steel Locking Mechanism

Gas Spring Cover Support Protects Spring from Damage

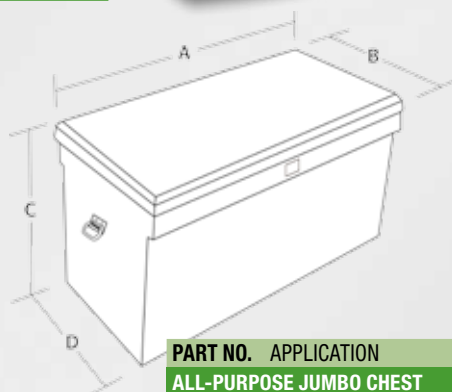

Two zinc-plated chest handles for easy lifting

All-Purpose Jumbo Chest

- Large capacity, low profile chest mounts to bed of pickup
- Constructed of heavy-duty diamond tread aluminum (front, ends & lid); smooth aluminum (back & bottom)
- Top-opening lid features two gas shocks and one-touch push-button rotary locking mechanism on driver's side.
- Fits full-size pickups with 6½' & 8' beds. 1712110 also fits Chevy S10, Dodge Ram and Ford Ranger 7' beds
- Two zinc-plated chest handles for easy lifting

Step Boxes

- Provides framed steps w/ built-in storage space
- Non-slip (grip punch) steps
- .125 smooth aluminum body
- .100 diamond tread aluminum door
- Single rubber D-bulb door seal protects from the elements
- Stainless steel locking T-Latch & continuous hinge
- Corner gussets on door opening provide extra strength
- 1/8" thick integral corner braces provide mounting support (for heavy loads & toolboxes wider than 18", #1701015 steel mounting brackets are recommended to prevent stress cracks)
- For medium & heavy-duty trucks

Trailer Tongue

- Designed to mount to the front of A-frame style trailers
- These toolboxes offer an easy way to add secure storage to your trailer
- **Steel** - constructed of 14/12-gauge powder coated steel with a dual striker stainless steel locking paddle latch
- **Aluminum** - constructed of diamond tread aluminum
- **Polymer** - constructed of molded high-density polyethylene.
 - Strong double panel lid
 - SS hasp & hinge on 1701679; zinc hasp on 171680

Folding T-Handle Latch

- Heavy-duty, standard size, stainless steel, flush mount
- Single, double or triple point contact to address most applications
- The adjustable cam allows for adjustment of the latch to accommodate door thickness from 1/4"-2"

Die Cast Compression Latch Folding T-Handle

- Powder coated die cast housing
- Chrome handle
- Locking chrome shank
- Molded contour gasket
- Cam action roller engagement
- The adjustable cam allows for adjustment of the latch to accommodate door thickness from 7/8" to 1-3/8"
- Includes lock and two keys
- Can replace L8816 and L3890RLS latches

Rotary Paddle Latch

- Heavy-duty, standard size, stainless steel
- Single point combines style with performance
- Hidden studs
- Gasket and cylinder with keys installed

Parts Cabinets

- Store and index hardware or small parts.
- White powder coated steel cabinet
- Injection molded plastic drawers with stops
- Includes two dividers per drawer
- Pre-drilled mounting holes (brackets included, hardware not included)

KABGARD™

Window Protector

- Protect your cab
- Mount accessories
- Secure your cargo
- Quick installation—no drilling required
- Black powder coat finish resists rust and corrosion
- UPS shippable

PART NO.	DESCRIPTION	SIZE	WEIGHT
KABGARD™ WINDOW PROTECTOR			
85104	Fits Full-Size Pickup Trucks with Cab Heights of 24" Above Bed.	69" x 23.5"	46.24 lbs.
85204	Fits Full-Size Pickup Trucks with Cab Heights of 26" Above Bed.	71.6" x 26.3"	53.10 lbs.

See chart below to find the correct fit for your truck.

Part No. 85104: 69" x 23.5"

Fits full-size pickup trucks with cab heights of 24" above bed.

Ford:

F-150, 1997-Present
F-250/350 Super Duty Reg. Cab, 1997-99

Chevy/GMC:

1500/2500 Reg. Cab, Ext. Cab & Crew Cab, 1999-Present

Dodge Ram:

1500 Reg. Cab, 1997-2001
1500 Quad Cab, 1997-2000
1500 Quad Cab, (155" wheel base only) 2001
2500 Reg. Cab, 1997-2001

Part No. 85204: 71.6" x 26.3"

Fits full-size pickup trucks with cab heights of 26" above bed.

Ford:

F-250 Super Duty Reg. Cab, Super Cab & Crew Cab 2003-Present
F-350 Super Duty Reg. Cab, Super Cab & Crew Cab 2003-Present

Chevy/GMC:

2500HD all cab styles, 2003-Present
3500 all cab styles, 2003-Present

VAN LADDER RACKS				
1501310	Van Rack Set (2 bars, 2 clamps)	White	600	41.5 lbs.
1501311	Optional 3 rd bar with clamps	White	600	23 lbs.

Pickup Truck Rack

- Universal construction fits most pickup trucks with a 6' or 8' bed
- Over-cab design allows for long cargo to be loaded
- Adjustable center cross bar for ideal weight distribution
- Rear cross bar is easily removed to allow tall objects to be loaded in rear of the bed

Service Body Rack

- Fits single and dual rear wheel utility compartments
- Adjustable height accommodates 21" - 31" range
- Built-in grab handles at rear
- Removable rear cross bar (no tools required)

Window Screen

- Full size window screen for use with ladder racks
- Black powder-coat finish
- 15 gauge CNC formed steel construction
- Fits Buyers pickup and utility vehicle ladder racks

Universal Mount Van Racks

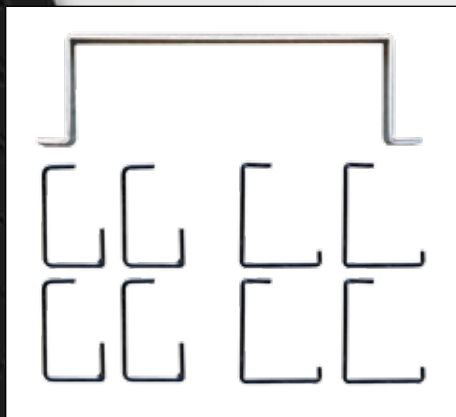

- Fits GM, G-series & Ford, E-series
- Adjustable center cross bar for ideal weight distribution
- 14-gauge steel construction

Gutter Mount Van Racks

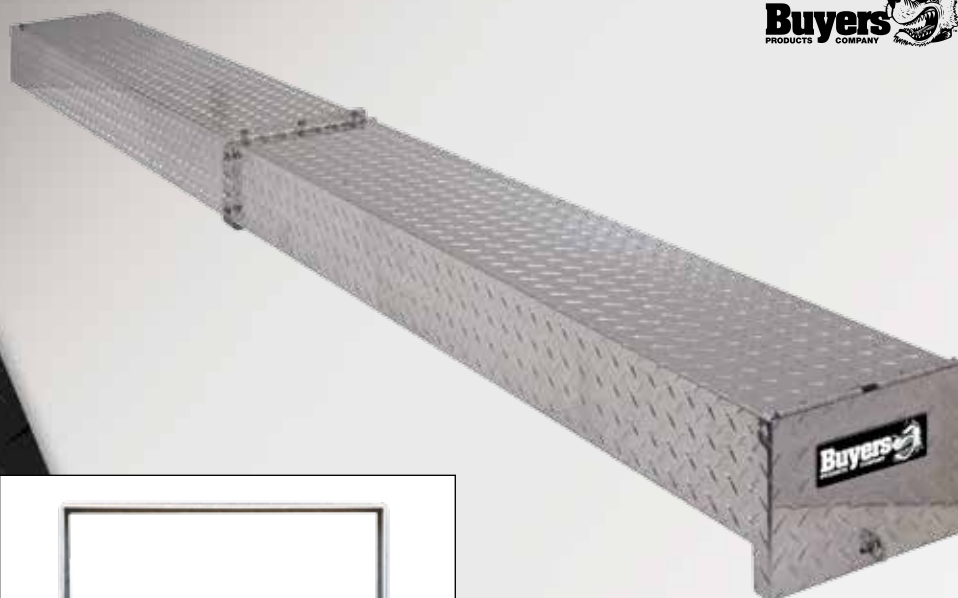

- Mounts to rain gutter
- 4" wide uprights made from 3/16" thick plate steel
- 1½" & 1¼" square 14-gauge steel tubing
- 9/16" wrench is only tool required for installation
- Adjustable from 41" to 72"

Diamond Tread Conduit Carrier Kit

- Provides fully enclosed storage for conduit, pipe, tubing, etc.
- Kit includes: two-piece design (for shipping & storage) and mounting brackets for round or square bar
- Spring loaded rear door for easy access
- Lock hasp
- 0.60 Diamond tread aluminum construction

Mounting Hardware

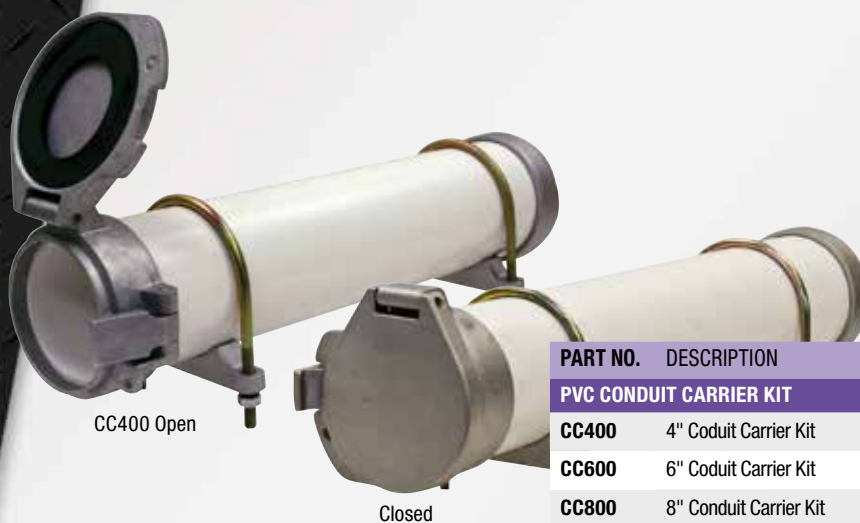

PART NO.	DESCRIPTION	WEIGHT
DIAMOND TREAD CONDUIT CARRIER KIT		
5401000	122" x 11" x 6" Conduit Carrier Kit	41.01 lbs.

*PVC pipe and padlock not included

PVC Conduit Carrier Kit

- For use with 4" or 6" diameter PVC pipe
- Kit includes: cast aluminum door and end cap, saddle brackets, zinc-plated U-bolts, and hardware
- Spring loaded latching mechanism for quick easy access
- Padlock tabs for security
- Rubber gasket to keep your cargo dry
- Designed for use with ladder racks, this kit offers flexibility to build a kit to any desired length

PART NO.	DESCRIPTION	WEIGHT
PVC CONDUIT CARRIER KIT		
CC400	4" Conduit Carrier Kit	4.55 lbs.
CC600	6" Conduit Carrier Kit	6.85 lbs.
CC800	8" Conduit Carrier Kit	8.25 lbs.

*PVC pipe and padlock not included
