

CODE 3 ADDENDUM (AS OF 3/10/14)

TRIUMPH™

Introducing the most capable and modern 2-level lightbar ever!

TRIUMPH™

NEW!

Features

- 2 levels of state-of-the-art SIRIS™ LED technology provides 360° of uninterrupted lighting. When your fleet has a strong need to be "seen", this lightbar does the job.
- Modern curves that match modern vehicle lines make this a solid and attractive addition to any police or fire vehicle!
- Center section provides an additional row of lights on both the front and rear of the lightbar--up to 3 levels of light possible! This section can also be used for a combination of products: insert massive takedown or a traffic emitter or 100 watt speaker.

- Full featured and customizable lightbar with 9-Up SIRIS™ LED lighthead and specifically designed to intergrate a speaker
- Top colored lens easily identify you as a police vehicle and bottom clear lens for TDs and alleys
- Central Controller driven lighthead or independent flashing light heads
- Red, Blue, Amber, or White LEDs
- Black under-molded top lens prevents UV degradation – keeps interior cooler and protects it from UV degradation
- Speakers passes SAE sound regulations and is waterproof
- Dimming mode
- 2 levels of 360° of light, even on the ends of the bar, 3 levels possible in center

section, both front and rear

- Traffic advisor in rear either stand-alone or doubled up providing two levels of warning

Specifications

- 47" or 53" (coming soon) length
- 4.57" tall, lowest height is 3.9"
- 12 Volt
- Meets all applicable SAE, NFPA and California Title 13 specifications when properly configured
- 5 Year Warranty

Banshee™ Siren Amplifier System

THE NEW SOUND IN EMERGENCY RESPONSE

NEW!

Features:

- Works with one set of standard size speakers – no need to install special large speakers – saving you a tremendous amount of time on installation and space where speakers are mounted.
- Eight Universal Dual Tones (Wail, Yelp, Hyper-Yelp 1, Hyper-Yelp 2, Hi-Lo 1, Hi-Lo 2, Hyper-Lo 1, Hyper-Lo 2).
- Three Low Frequency Tones (Synchronized 1/2 Frequency, Low Frequency Yelp and Low Frequency Wail).
- Eight Low Frequency Time Out settings (7.5, 15, 22.5, 30, 37.5, 45, 52.5 and 60 seconds).
- Eight individual tones for each of the Code 3 Z3 siren tone push-button (Wail, Yelp, Hyper-Yelp 1, Hyper-Yelp 2, Hi-Lo 1, Hi-Lo 2, Hyper-Lo 1, Hyper-Lo 2).
- Operate the electronic Airhorn independently of the primary siren (by itself as an alert) or while the primary siren is in full operation.
- Unique CommandAlert and Yelp Stop tones.
- Additional tones are available when the Banshee operates with a Code 3 Z3 siren.
- Universal Dual Tone operation with most industry standard sirens.
- All inputs can be configured for positive or negative activation.
- Comes with Banshee amplifier box, the power control harness bag, and a CAT5 cable
- Banshee is very economically priced and comes with a full 5 year warranty.
- Box dimensions: 8 ½" L x 2.8" H x 5.7" W (215.9mm x 71.12mm x 144.78mm)
- 10-16 VDC
- 100W: 8 Amps @ 13.6V with 11-ohm load (100 Watt Speaker)
- 200W: 14 Amps @ 13.6V with 5.5-ohm load (2-100 Watt Speakers)
- Box weight: 3.2 pounds
- SAE J1849, CA Title 13 when properly configured

Model	Description	LIST
3450	Dual Tone & Low Frequency Siren Amp System, 100w/200w Output .	\$415.43

*All C3100 speakers purchased after 4/21/2014 will be compatible with Banshee Low Frequency tone selection.

BANSHEE

 **CODE 3®**

Solex MultiColor Lightbar

MultiColor Technology, as seen in our Defender and RX 2700™ LED lightbars, is now in the Solex!

Features

- Takedowns and Alleys are now MultiColor providing the ability to change from MultiColor to steady burn whenever needed.
- MultiColor technology provides two full signals out of one light head – No compromising of signal strength or size by splitting an LED in half to get two colors
- Greater signal strength allows for increased safety by alerting motorists of your presence especially at intersections
- Turn your Red/White or Blue/White lightheads in the front into all white high visibility takedowns
- Turn the Red/Amber or Blue/Amber lightheads in the rear into a full size NarrowStik™ (Traffic Directing Flash Pattern)
- 18-Up SIRIS LED MultiColor lightheads
- 5-Up LED Takedown and Alley lights in MultiColor Red/White, Blue/White, Amber/White lightheads
- Corner R/W, B/W MultiColor Lightheads can be programmed to steady burn white providing additional scene lighting
- New 951 Flash Pattern Software provides new field programmable cruise capabilities such as Flicker, MultiColor and Safety

- Two Full Signals out of one Lighthead
- Deluxe Central Controller with 49 Flash Pattern Selections, NarrowStik, Cruise Function
- Flasher/Steady Burn Feature for Takedown and Alley Lights
- Built-In NarrowStik Function
- One Touch Setting/Changing of Flash Patterns
- LED Dimming Feature
- User Selectable Flash Patterns Changeable on each pair of Lighthead
- Lightheads are selected in matching pairs

Specifications

- 47" length (53" coming soon)
- Average height is 2.5" , Max. height 3.9"
- 12 Volt
- Meets all applicable SAE, NFPA,
- California Title 13 and ECE65 specifications when properly configured
- 5-Year Warranty on LED Modules
