

67-320 Generator 8000 Watt Gasoline

Engine

- Low oil shutdown
- Heavy duty frame
- Idle control
- 404cc Subaru engine with electric start

Alternator

- Total harmonic distortion (THD) less than 5%
- 100% copper windings
- Brushless 120 volt/240 volt alternator

Frame

- Heavy duty wrap-around frame with 1" powder coated steel tubing
- Low profile, compact design
- Angled isolator design features for neoprene isolators

Accessories

- 67-427 Lifting Hook
- 67-428 Wheel Kit

Components

- Large low-tune mufflers to reduce noise to lowest level
- Easy access and protected control panel with magnetic circuit breakers and GFCI protected receptacles
- Gas shut-off valve
- Heavy duty industrial air cleaners hold up under extreme conditions
- Easy-to-read gas gauge and voltmeter/hour meter
- Full power switch
- Fuel tanks are powder coated outside, zinc-plated inside to prevent rusting
- Large fuel tank capacity for extended run time

Miscellaneous

- USDA/USFS approved spark arrestors
- Circuit breaker protected
