

DOLLY MOUNTS

SPEED® MOUNT | ITD1348

This is our number one selling dolly mount. The Speed® Mount is a great choice for those who want their dollies on the deck. The Speed® Mount was designed with large contact pads for the dolly wheels to rest on, no more driving down the road watching your dollies shake in the mount. To remove the dolly just lean it towards you and out of the mount it comes. The Speed® Mount also has a built in Vice Action Lock to keep your dolly safe and sound. With 4 predrilled holes, installation takes just minutes. The Speed® Mount comes in our Tuff Coat Black Finish and are sold as each.

Product Weight: 20 lbs.
Fits the Speed® Dolly Only
