

KINCOPRO™ HYDROFLECTOR™ LINED HI-VIS WATERPROOF SYNTHETIC WITH PULL-STRAP

Style No. 2051HV

- High-visibility green, form-fitting polyester-spandex fabric back promotes a flexible range of motion & improves low-light visibility
- High-visibility orange **MiraHV1™** synthetic leather palm provides durable dexterity & enhances visibility in hazardous conditions
- **XtremeGRIP!®** reinforcement palm & fingertip patches provide additional durability & grip control
- EVA anti-vibration & shock absorbing palm pads help reduce blisters & hand fatigue
- Neoprene wrist closure with adjustable hook & loop rubber pull-strap provides a custom fit
- 3M™ Scotchlite™ reflective knuckle strap & reflective inner wrist patch offer industry leading reflectivity to maximize visibility & safety in hazardous low light conditions
- Fourchette finger design offers a snug fit, while allowing for the natural extension & contraction of finger movement

- Angled wing thumb, which is seamless between the palm & thumb, offers additional flexibility & comfort
- Kevlar® abrasion-resistant reinforcement patch, sewn into the critical wear zone between the thumb & index finger, provides superior protection against abrasions & avoids base material failure due to the extreme strength of the woven Kevlar® thread embedded into PVC material
- High-performance signature **Heatkeep®** thermal insulation, laminated with a soft TR2 inner lining, provides superior heat-retention by trapping heat, repelling the cold, & wicking away moisture
- **aquaNOT!™** waterproof insert lines the entire interior of the glove to keep hands dry in wet conditions
- Size(s): M, L, XL

STYLE No.	UPC	PACK	CASE
2051HV-M	0 35117 20519 2	6 pr	6 dz
2051HV-L	0 35117 20520 8	6 pr	6 dz
2051HV-XL	0 35117 20521 5	6 pr	6 dz

FEATURES	Anti-Vibration	Reflective
	Thermal	Waterproof

- PERFORMANCE**
- Suggested applications include but are not limited to the following:
- ✓ Mining
 - ✓ Roadside Construction & Services
 - ✓ Towing & Wenching

BEST	ABRASION & PUNCTURE RESISTANCE
GOOD	DEXTERITY & PLIABILITY
BETTER	GRIP CONTROL

GLOVE 101

HEATKEEP® THERMAL INSULATION
Heatkeep® thermal insulation is comprised of finely spun polyester fibers that create thousands of air pockets to fully envelop the hand. These air pockets work to trap the body heat generated inside the glove & shield the hand from the cold.

AQUANOT®
Our signature waterproof liner. This flexible membrane is made of a lightweight, durable plastic material that completely seals the glove from water penetration. Used in conjunction with the outer shell & inner lining.
