

Quality Gloves Since 1975

DISPOSABLE BLACK POWDER-FREE NITRILE

Style No. 2310

- Black 5 mil thick industrial grade, puncture-resistant nitrile ensures reliable protection, while maintaining dexterity for intricate applications
- Powder-free interior ensures worry-free use when working in dust & debris-sensitive environments such as with fresh adhesives, inks, or in labs
- Rolled beaded cuff allows for quick on & off use, prevents roll-down, & offers drip protection for the wrist & forearm
- Extended length cuff offers additional wrist & forearm coverage
- Ambidextrous design ensures identical pattern of the gloves, which allows for use on either hand
- 40 gloves per box
- Size(s): S, M, L, XL

Packaged in a 4.4" x 1.7" x 8.8" carton

GLOVE 101

DISPOSABLE NITRILE COATING

Disposable nitrile, a synthetic rubber intended for single-use applications, provides lightweight protection from fluids, dirt & chemicals, is puncture- and tear-resistant, & is an alternative for those who suffer from latex allergies.

AMBIDEXTRIOUS PATTERN

This reversible glove pattern can fit on either hand & is most often used on disposable, textile or knit gloves.
