ALL IN-STOCK. ALL IN ONE CATALOG.

WE HAVE ASSEMBLED ALL OF OUR IN-STOCK PRODUCTS FROM OUR VARIOUS HIGH VISIBILITY LINES AND COMPILED THEM INTO THE NEW 2013 MASTER CATALOG.

HIGH VISIBILITY WORKWEAR • Our most comprehensive line of high-viz apparel just got bigger. It now includes select items from our FR, PSV and PSS lines. No matter the industry or weather condition, we've got you covered. All products in this category are in-stock and ready to ship.

FLAME RESISTANT • Our FR line has been refined for 2013 with only our best sellers, as well as some exciting new additions to round out the selection. The FR products found in this catalog are in stock. For more FR products see our FR catalog or go to mlkishigo.com/product-flame-resistant.html.

PUBLIC SAFETY VESTS • Additional products added to the HVW master catalog are our most popular items from the Public Safety Vest line-up. Some of the products have received minor enhancements for improved durability. See the full line at mlkishigo.com/product-public-safety.html.

PROFESSIONAL SURVEYORS SERIES • Our two flagship vests from the Surveyors line have been added to the HVW mix. These feature-rich Class 2 and Class 3 garments are now in-stock along with the rest of the HVW line. See the rest of our Surveyor products at mlkishigo.com/product-surveyors.html.

NOTHING DEFINES "ORIGINAL HIGH-VIZ" LIKE OUR TWO PREMIUM COLLECTIONS OF HIGH VISIBILITY SAFETY APPAREL.

BRILLIANT SERIES

If safety, and therefore maximum visibility is your priority then the Brilliant Series is the solution. These garments have been designed to have the most conspicuous reflective footprint possible. The reflective trim and accents radiate quick human movement which dramatically enhances visibility. See for yourself by visiting mlkishigo.com/brilliant.html.

BLACK SERIES

Never before have style and functionality blended so seamlessly. The Black Series is for the uncompromising worker who demands a garment that's more visible, more durable, and hands down, better looking than anybody else on the job site. We've always said, when you're this visible you'd might as well look your best!

**TOMORROW IS
YOUR REWARD
FOR WORKING
SAFELY TODAY.**

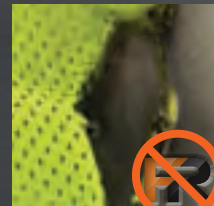

FR FLAME RESISTANT

FLIP TO PAGE 29 TO VIEW OUR SELECTION OF QUALITY, IN-STOCK FLAME RESISTANT GARMENTS. WE NOW OFFER OUR TWO TOP SELLING CLASS 2 FR VESTS AS WELL AS OUR BRAND NEW BLACK SERIES CLASS 2 FR VEST, BLACK SERIES CLASS 3 FR SWEATSHIRT, AND BLACK SERIES CLASS 3 FR LONG SLEEVE T-SHIRT WITH THE SWIFT AVAILABILITY OF THE REST OF OUR IN-STOCK LINE.

FR BURN PROFILES

Not all FR materials are created equal. Some companies may claim their garments are FR, when they are merely polyester that's been chemically treated to self extinguish. View our handy video to see exactly what happens to our various materials, so you'll know what to expect.

To watch the burn demo, scan with a QR reader on your smartphone.

ARC FLASH TESTING DEMO

Our FR products must pass an arc test, proving the flame resistance capabilities of the garment. To witness an arc test in action scan the QR code with your smartphone or visit mlkishigo.com/products-fr.html.

BRILLIANT SERIES
IN ACTION!

BRILLIANT SERIES ADVANTAGE

IT'S NOT JUST THE ADDED ATTENTION TO DETAIL AND FINISHED QUALITY THAT MAKES THE BRILLIANT SERIES SO INCREDIBLE. TO TRULY UNDERSTAND THE BRILLIANT SERIES ADVANTAGE YOU MUST SEE IT FOR YOURSELF!

DAY VISIBILITY

In full daylight there is little obvious difference between the Brilliant Series vest and our standard vests. However, upon closer inspection you will find various upgrades over the standard vests to enhance durability, usability and comfort.

BRILLIANT SERIES vs. **STANDARD VEST**

NIGHT VISIBILITY

In low light conditions, being seen can mean the difference between life and death. Our Brilliant Series trim provides instant differentiation of the human form from the work zone. The thin trim lines radiate quick human movement which dramatically enhances visibility. See for yourself by visiting mlkishigo.com/brilliant.

CLASS 2 VESTS

BLACK SERIES HEAVY DUTY VEST

- ASTM F1506
- HRC 2
- Arc Rating/ATPV=11.3 cal/cm²
- ANSI/ISEA 107 Class 3 Compliant

BREATHABLE REFLECTIVE TAPE UP CLOSE

ML Kishigo's Breathable Reflective Material is designed using a segmented pattern to enhance comfort, flexibility and breathability versus standard solid reflective material. The benefits of the segmented or "breathable" reflective material are even further enhanced when used on a t-shirt. When worn "next to skin", solid reflective materials create "hot spots" by trapping in heat causing perspiration. The segmented reflective material allows air to flow with less restriction and therefore greater comfort. Lightweight, due to the reduction of mass in the laser cut design, as well as flexibility are performance enhancements over standard solid tapes. Our breathable reflective materials meet all Level 2 performance requirements (the highest level for a reflective material) of ANSI/ISEA 107.

BLACK SERIES FR LONG SLEEVE T-SHIRT

F406 Lime

PERFORMANCE FEATURES:

- 6.4 oz Modacrylic/cotton Flame Resistant lightweight interlock knit material
- 2" wide breathable silver reflective material greatly reduces hot spots
- Dark FR sides add a sporty look and visual contrast
