## Item # T6.0, Individual Components and Accessories

Appropriate for use with many of our air compressor systems, we offer two different types of air storage tanks. We feature an air storage tank with a 6 gallon capacity, measuring 22 inches by 9.5 inches in size, as well as an air storage tank with a 1 1/2 gallon capacity, measuring 16 inches by 6 inches in size. Air tank selection should be made in accordance with the application. To learn more about our compressed air tanks, please see details below.
