Easily load vehicles with damaged wheels

The Steck 4th Wheel Loader allows tow truck drivers to safely load and secure a vehicle with broken ball joints, lost wheels, locked wheels or brakes, collision damage and control arm failures on their roll back wreckers. It also allows mechanics and body technicians to steer the vehicle into the shop and guide it to lifts or frame racks for repair.

The 4th Wheel Loader is a tough 24" x 14" hardened aluminum fabricated platform with two 4" x 10" Polypropylene roller wheels, six 5/8" holes for mini-J hooks for loading assistance and 1" axles which provides a safe platform to easily hold and secure up to 5 tons while loading a vehicle with broken ball joints and/or a damaged wheel/tire on a roll back.

10" Roller (only)
Part #71484

71480 4th Wheel Loader **\$395.00**

Replacement Parts:

71481 Load Binder	\$ 25.00
71482 3 inch Shim	\$ 30.00
71483 1-1/2 inch Shim	\$ 25.00
71484 10 inch Black Roller (only)	\$ 30.00
71485 Axle	\$ 5.00
71486 6 Foot Chain	\$ 15.00

Works with or without wheel

Problem

Temporary* Fix

Tie Rod End Pliers' unique design with a socket end and pointed spindle end allow easy wheel pivoting for vehicle steering by temporarily* reconnecting ball and socket tie rod ends.

Tie Rod End Pliers

Tough alloy steel C-clamp locking pliers provide a quick temporary* steering repair for vehicles with outer tie rod end ball and socket separation.

- Saves tow driver's time by temporarily* fixing wheel alignment for easy loading and unloading.
- Allows mechanics to easily steer vehicle to repair bay.

71465 Tie Rod End Pliers **\$39.95**

Tie Rod Coupler

Tie Rod Coupler eye-bolts secure the coupler to the broken tie rod by hand tightening or by using a small leverage bar.

- Saves tow driver's time by temporarily* fixing wheel alignment for easy loading and unloading.
- Allows mechanics to easily steer vehicle to repair bay.

71470 Tie Rod Coupler **\$36.00**

*Do not use Tie Rod End Pliers or Tie Rod Coupler at speeds over 5 mph or distances over 100 yards.

Problem

Temporary* Fix

Easily separate spot welded or bonded panels

SeamBuster

This heavy-duty chisel allows you to easily separate spot welded or bonded panels.

- Save up to 15 minutes per panel replacement.
- For quarter panels, rockers and any other pinchweld.
- Sharpened on two edges. The sharp end allows for penetration between panels and the side edge allows for side impact to drive the panels apart without damage.
- Super tough alloy steel.
- Cushioned handle absorbs shock.

20015 Original SeamBuster
\$29.95

Chisel tip for starting seam separation.

Chisel edge on both sides for easily moving along seam.

Right Angle SeamBuster

90° end to easily separate hard-to-reach spot welded or bonded panels.

20016 - Right Angle SeamBuster \$32.95

Separate Spot Welded or Bonded Panels *Faster!*

- Attaches to any air hammer.
- Faster than regular SeamBuster.
- For separating quarter panels, rockers, other pinchwelds and bonded door skins.
- Sharpened on two edges for easy penetration and separation of pinchweld.
- Made of super tough alloy steel with cushioned handle.

20017
SUPER SeamBuster
\$49.95

No need for multiple sizes of tow hooks.

I-Bolt: Universal Tow Eye

The Steck I-Bolt: Universal Tow Eye allows towors, body shop technicians, and mechanics to safely load disabled foreign and some domestic vehicles on roll back wreckers and frame racks, without causing damage.

Vehicle manufacturers design specific tow eyes for each model car to pull the vehicle down the assembly line, however, each manufacturer has different diameters ranging from 1/2" to 1" and either right or left handed threaded ends. The I-Bolt adapts to this with unique gripping teeth that lock into the threaded holes on the front or rear of the vehicle. I-Bolt is able to fit threaded holes having diameters of 1/2" up to 1 1/4". This unique design provides a universal hook up solution for the 200+ vehicles. Also included is a 6' x 2" polyester safety strap.

71490 I-Bolt Universal Tow Eye with Safety Strap \$285.00

Quick realignment of frame flanges, door & hood edges, radiator supports and more!

Flange Lever™

Flange Lever

Quickly access hard to reach damaged frame flanges, door and hood edges as well as radiator supports to bring back to proper edge alignment.

- Move quickly along the damaged area instead of having to unlock and relock locking pliers.
- Tool features multiple angles for maximum leverage in various applications.

20037 Flange Lever **\$22.50**

Pull quarter panels and wheel wells

Quarter Puller

The Quarter Puller's 12" bars pull quarter panels and wheel wells.

Q.P. II

The Q.P.'s 6" bars fit into smaller areas.

- Hooks above the lip of the wheel opening.
- Two curvatures (one on each side) will fit almost all cars.
- Easier and faster than clamps or jacks.
- 3000 lb. max. pull

20022 Quarter Puller **\$50.87**

20033 Q.P. II **\$47.69**

Panel Shaper Kit

Flat Head

Rounded Head

Chisel Head

Use your air hammer to reshape panels, body lines, doors and floors!

The Panel Shaper is an air hammer driven set of three self lubricating Nylon reinforced heads that allow the technician to easily access deep reach areas and badly deformed sheet metal surfaces to form them back to original shapes. Each kit contains three unique Nylon head shapes with arbors that allow each tool to be attached to your air hammer to fix body lines, concaved areas and flat surfaces.

- 1 Chisel Head** - works with door, body lines, corner shaping and fender edges.
- 2 Rounded Head** - straightens out wheel house and quarter panels
- 3 Flat Head** - straightens out floors, trunk floors and provide stress relief in the repair process.

- Reshape badly deformed inner panels, body lines and floors
- Vibratory shaping takes less time and effort
- Three different head shapes to fit all your needs
- Fits all standard air hammers
- Replacement heads available

Using the Panel Shaper with your air hammer gives needed vibration along the damaged frame areas providing stress relief and molecular realignment in the frame structure. In the typical repair processes each head should last 10 work hours.

3 different heads in each kit!

20046 Panel Shaper Kit includes Chisel, Rounded, and Flat head **\$52.00**

20047 Replacement Chisel Head **\$18.00**

20048 Replacement Rounded Head **\$18.00**

20049 Replacement Flat Head **\$18.00**

Skin a door in less than 10 minutes!

Durable Steel Shaft

Fits All Standard Air Hammers

U.S. Patent #6,722,495

Instructional Video in Every Package!

An air hammer driven door skinning tool that is easily affordable.

- Skins doors in less than 10 minutes.
- Saves arm fatigue and time.
- Replaceable head skins at least 10 doors.

21890 Skin Zipper **\$34.95**

21891 Replacement Head **\$20.00**

Self-Lubricating Reinforced Nylon Head

Watch the video: steckmfg.com/video

Step #1

Form edge of door skin to 45 degrees.

Step #2

Finish crimp.

TECH TIP: Skin Zipper

Proper Skin Zipper Usage

1. Avoid sharp body lines.
2. Tilt the tool up while performing Step #1. Doing this gives you a little more than 45° which makes Step #2 easier (see photo). It also keeps the bottom lip of the tool away from the outer surface of the skin.

...for pull pins & flanges

- Grip and pull multiple pull pins (studs) and vertical or horizontal flanges.
- 3.5 inch jaw provides evenly distributed pulling force while pulling multiple pull pins or flanges.
- 2 large pulling rings for light pulling (up to 2,000 lbs.)

20085 EZ Pull Pliers **\$52.50**

Pull SUV and van hatch openings

The BullDog Curved Clamp

The BullDog curved clamp is perfect for pulling SUV and van hatch openings. Saves up to an hour per repair!

- Saves the panel. Grabs the curved pinchweld where no other clamp will attach.
- Pulls the pinchweld to accurately seal weatherstrip to the hatch.
- Individually adjustable teeth to assure secure attachment to the pinchweld.
- Elongated hole accepts any hook for fast set-up and pulling.

20020 BullDog **\$86.00**

Curved clamp fits snugly on rounded hatch opening pinchwelds.

Pogo II

A heavy-duty tool for fast leverage pulling.

- Hook bolt heads, flanges, anywhere.
- Core supports repaired quickly
- One hand operation.
- Fits in your toolbox (overall length 18-3/8")

20099 Pogo II **\$68.50**

Pull those hard-to-clamp corners

20080
BigBite Radius
Pull Clamp with
Side Pull Ring
\$210.00

35 heat treated teeth
to grip pinchweld.

Manufactured under license from MEIS.

20081 Optional
Linear Pull Ring **\$39.95**

Allows side pulls on corners of
door openings...

...or in-line pulls with optional
linear pull ring.

Also works in other hard-to-pull
places for multi-directional pulls...

...and reverse pulls.

- Eye bolts allow you to manual pull hinge plates, etc.
- Hood hinge plate allows you to manual pull hood and deck lid hinges back into position.

KIT INCLUDES:

- Right Angle Pulling Plate
- 10mm Eye Bolt
- 8mm Eye Bolt
- 6mm Eye Bolt
- Hood Hinge Plate

20222 Handy Pull Kit **\$39.95**

20224 Replacement Eyebolts
with Ring Clamp **\$7.50**

StudLever™ Combo

Now you can buy the best selling Steck StudLever™ with the Tab-It™ in an affordable combo package!

...for controlled stud pulling

The Steck StudLever™ will allow a technician to quickly grip studs (pull pins) and control the dent pulling process as well as the accuracy of the pull.

- Accurate controlled pulls every time
- Grips studs (pull pins) quickly and easily
- Standard tool works on 2.0, 2.2, and 2.6 mm studs as close as 3/8" apart
- Black pivoting base helps compress crown as dent is pulled
- Includes Steck Straight Edge #20003 for matching original contours

The Steck Tab-It™ accessory allows you to use your StudLever™ to quickly pull glue tabs in the PDR (Paintless Dent Repair) process or pull pins in the traditional body shop process.

Constructed of high-impact polystyrene, the Tab-It™ collar slides over the Stud Lever's handle and captures the glue tab. The included padded extension block raises the StudLever™ to the proper height and protects the surface of the paint.

20014C StudLever™ Combo

(includes #20014 Stud Lever, #20013 Tab-It and #20003 Steck Straight Edge)

\$62.00

20014 StudLever™

(includes StudLever and #20003 Steck Straight Edge)

\$49.95

20013 Tab-It™ Accessory for StudLever™

(StudLever not included)

\$15.00

Tab-It™ Padded Extension Block

Tab-It™ Collar

Adjustable pivoting base

Includes Steck Straight Edge #20003

Axle Popper™

Pops half shafts loose from engine

- Insert fork between transaxle case and half shaft. Strike the end of the fork to release the half shaft.
- Shim included in kit to fill larger gap found on some vehicles.
- Applies even pressure to both sides of the shaft.
- Safer and surer than a pry bar.

71410 Axle Popper Kit
(includes #71411 Fork and
#71412 Shim) **\$65.00**

Hands-free measuring with this unique tape measure

Measure 'N Stick

The Steck Measure 'N Stick is a professional magnetic tape measure that is perfect for those times when you have to measure solo or want a continuous measurement during a pull. Powerful magnets on 4 sides hold it firmly while the unique tip hooks into a variety of small holes. The adjustable rear tip makes it easy to take hole-to-hole measurements.

- Hands-free measuring
- Continuously monitor your pull.
- Measure without an assistant.
- Both inches and metric.
- Adjustable rear hole slide
- For bodymen, insurance adjusters, and fabricators.

36000 Measure 'N Stick \$60.50

36050 Refill Tape \$17.92

Four powerful magnets on side, back and bottom for hands-free measuring.

Tools for special needs.

Easy Pry Tool

This non-marring wedge has a 1 inch blade with a curved clip end that allows easy access and removal of plastic bezels, moldings, trim and panels without scratching the surface.

- Non-marring, won't scratch paint.
- Great for removing weather stripping.

21730 Easy Pry Tool
\$10.75

- Remove bezels, moldings, trim and panels easily.

Sure Grip Trim Clip Pliers

The easy way to remove trim clips without breaking them.

- Grips the stem of the clip not the head so clips don't break.
- Lever action for faster, easier removal.
- Works on trim pads, hood insulation, etc.

21720 Sure Grip Trim Clip Pliers **\$26.00**

U.S. Patent #5,611,519

LED MIG Light

Illuminate exactly where to start welding!

LED Light is long-lasting and durable

Easy-to-use ON/OFF switch (auto shut-off after 30 min.)

AAA battery powered

Attaches in seconds to any welding torch

23240 MIG Light **\$32.75**

MIG Torch Holder

Holds MIG torch conveniently close to work area!

- Attaches directly to vehicle you're working on.
- Simple prong design for quick and easy retrieval.
- Spring-mounted floating magnets adjust to contour of vehicle body.
- Fits most MIG, TIG and Plasma torch heads.
- Designed for right or left-hand usage.

24200 MIG Torch Holder
\$25.00

Custom tools only from Steck.

EASY Maintenance of Air Tools!!

Air Tool Oiler

The adjustable oil nozzle of the Steck Air Tool Oiler Dispenser allows technicians to easily and conveniently oil their air tool each time it is retrieved from the tool box. This unique self centering, non-drip oil dispenser head design allows the technician to easily push the air tool inlet under the dispenser head to oil the air tool or other items.

- Oils your air tools
- Works with all models of air tools
- Saves you money by increasing the life of your tools

Watch the video: steckmfg.com/video

16600 Air Tool Oiler \$55.00
(Air tool not included)

Antenna Wrench

The missing tool you've been looking for to remove antennas.

- Fits most antenna bezel nuts, domestic and foreign
- Simple and compact. Compared to a socket set it's easier to carry and use. And it costs much less!
- Rugged steel construction for years of use.

21600 Antenna Wrench \$20.86

Universal Molding Release Tool

Our ultimate tool for cleanly releasing molding.

- Slide tool left or right under the molding until it hooks a retaining clip, then just rock the tool with a twist of the wrist to release the clip.
- Heat treated, high-carbon steel.

21500 Universal Molding Release Tool \$6.26

Super Scraper

Works just like a chisel, but without the damage of hard metal.

- Tough plastic handle can be hit with a hammer.
- Scrape aluminum heads without damage.
- Resharpen when needed with a file.
- Remove decals from coated glass.

71510 Super Scraper \$15.17

71512 HandySticks Combo (includes 20012 HandyBar and 71510 Super Scraper) \$28.00

Plugwelding is now faster and easier!

Plugweld Pliers

Our Plugweld Pliers makes plug welding fast and easy. The unique copper alloy backing plate will not stick to welds!

- Plugweld Pliers make plugwelding easier and improve quality.
- Unique design allows technician to clamp panels at the precise spot and still allow for welding. Panels won't separate and weld will not stick to the copper pad.
- Copper alloy pad prevents burn through, allows higher welding temperature and better penetration.

Copper alloy swivel pad will not stick to welds.

Copper alloy swivel pad is replaceable.

23230 Plugweld Pliers \$36.54

23231 Replacement Copper Swivel Pad \$6.22

Tools that save you time.

Door Hinge "Pin Popper"

The ultimate solution for removing door hinge pins FAST.

- Drives out even stubborn hinge pins.
- Direct impact.
- Clearance for door panels.
- Works on all GM cars with removable hinge pins.
- Includes Pin Puller to remove loosened pins.

21835 Door Hinge Pin Popper with Pin Puller **\$28.25**

E-Z Store Door Aligning Bar

Finally, a convenient door aligning tool that will fit in your tool drawer.

- Saves space. Fits easily in your tool drawer. No long, heavy bar to store!
- Uses your breaker bar for leverage
- Save time. You won't have to hunt for the shop tool.

21845 E-Z Store Door Aligning Bar **\$30.25**

Spreaders

High quality, made in the USA spreaders.

35760 - 3" x 4" Spreaders
(50 to a box) **\$14.95**

Bushing Tool

Have you ever tried removing a door hinge bushing with just a regular punch? You know it's a hassle. Now there's the Steck Bushing Tool. Its special design makes it easy to punch out bushings, and helps to align bushings when reinstalling.

- Offset design allows for easy access to all door hinges.
- Easily punch out bushings.
- Breaks fewer bushings.
- Super tough alloy steel.

21825 Bushing Tool

\$19.95

*Saves up to
20 minutes
per repair!*

*Angled design
makes bushings
easy to reach.*

*Also helps to align bushings
when reinstalling.*

E-Z Rest Door Hanger

The E-Z Rest Door Hanger enables a single person to quickly remove and/or install vehicle doors. The padded, removable side rails allow for accurate positioning of the door. The easy on/off design quickly adapts to most floor jacks with removable sides.

- Reduces labor time.
- Padded, removable side rails.
- Easy on/off design and fully adjustable.
- Quickly adapts to most floor jacks with removable saddles.

- Hang bumpers, store glass, many other uses.
- Fits jacks with saddle hole dimensions of 1.17"-1.19" (30mm).

Car jack not included

21870 E-Z Rest Door Hanger \$112.50

Car and Light Truck Door Spring Tool

The safest tool available for coil springs in GM doors.

- Compresses spring for easy, safe removal.
- Sides safely enclose spring.
- Heat-treated, high carbon steel.

21910 Car and Light Truck Door Spring Tool

\$18.34

Fender Fixer

Collision force to one front fender often travels through the hood to push out the top of the opposite fender. The Fender Fixer rolls that fender top back into shape in just minutes.

Work Stand Wheeler

The Steck Work Stand Wheeler is a simple and inexpensive wheeled platform accessory for existing X-frame work stands that allows technicians to easily move loaded work stands.

The Work Stand Wheeler's 1-1/2" wide X 36" long steel channel holds either round or square tube stands (X frame). The self up-righting channel with its two large 3" diameter wheels allow the technician to either push or pull the loaded work stand from station to station and over booth grates. The Work Stand Wheeler can accommodate up to a 32" wide extended work stand and easily hold a work stand with up to 500 lbs of components. Its low 3" high profile allows for easy wall storage.

35756 Work Stand Wheeler **\$29.95**
 (Work stand not included)

Move a loaded work stand easily...by yourself!

HatchJammer XL

Xtension Tube turns HatchJammer into the HatchJammer XL!

Hold hatch open and secure for prep, paint, buffing and paintless dent removal!

The Hatch Jammer XL now extends the length of the original Hatch Jammer to 59 inches long! Hold hatch open and secure for prep, paint, buffing and paintless dent removal.

- Easily adjust work angle to comfortable position.
- Improves visibility of work area.
- J-hook attaches securely to striker and larger loop end locks into latch.
- Existing Hatch Jammer owners can buy the Xtension Tube separately to convert theirs to a Hatch Jammer XL!

17200 Hatch Jammer XL **\$60.00**
 (includes 17100 Hatch Jammer, and 17150 Xtension Tube)

17100 Hatch Jammer **\$32.00**

17000 Door Jammer **\$26.50**

Quality tools from Steck... since 1946.

Steck Manufacturing Company was started as Steck's Paint & Body Shop by George Steck in 1946. George went into manufacturing in the late forties when he and a partner developed a fastener used to install rear fenders.

Steck has continuously manufactured tools and equipment for the collision repair industry in the same location in Dayton, Ohio for over sixty years. George Steck's original body shop building is still part of the Steck Manufacturing complex, and Steck still operates a body shop for research and development purposes.

We are continuously developing new products and look to technicians in the field for new product ideas. We pay royalties for new product ideas that we use.

If you have made a tool that solved a problem for you, it will also solve that same problem for other technicians. Necessity is the mother of invention. We can refine and market your idea and will pay you a royalty. Contact Steck today!

Visit our website: **www.steckmfg.com**

We're always introducing new tools and you can stay on top of the latest information. Plus, get information, and artwork, on our current product line.

Don't put it away.
You'll use it every day.

20350 - The Pro Step **\$165.00**

20353 - Replacement Caster **\$ 5.30**

Specialty tools, only from Steck.

E-Z Strip II Molding Tool

New and improved version of our E-Z Strip Molding tool with a 3" non-marring blade and steel air hammer arbor to remove body side moldings. Durable non-marring wedge design made from polypropylene removes moldings without damaging the molding or scratching paint surfaces. Kit also includes an additional wedge. Wedges can be trimmed to remove moldings imbedded in body lines.

- Saves body moldings
- Reduces body damage
- Saves time and materials
- Can be ground for special requirements

21542 E-Z Strip II Molding Tool Kit **\$29.95**

21543 Additional E-Z Strip Molding Tool Wedge **\$9.95**

HandyBar™

The Steck HandyBar is a high strength, non-marring tool that you'll use every day.

- Hammer out dents
- Hammer inside quarter panels, rear body panels, body lines, etc.
- Use to block doors and hoods

20012 HandyBar **\$14.95**

71512 HandySticks Combo (includes 20012 HandyBar and 71510 Super Scraper) **\$28.00**

Door Lock Covers

Save time masking those tedious little door locks.

35730 Set of 12 Door Lock Covers **\$10.50**

Painting tools to save you time.

Super Stripe Stripper

This disc does just what the name says... It strips stripes! Also great for removing double faced tape from body and side mouldings.

- Works at low RPMs, even on cordless drills! (1500 RPM max.)
- Removes pin-striping tape.
- Removes double faced tape from body and side mouldings.
- Works faster and lasts four times longer than discs requiring high RPMs.

35400 Super Stripe Stripper Kit **\$23.00**

35405 Disc only **\$16.68**

Spec-Out Nib Files

These high-quality mini-files make removing dirt blemishes and runs a breeze. Available in coarse and fine.

- Removes runs and dirt nibs.
- Honed tips of teeth shave without digging in.
- Available in coarse or fine.

35250 Spec-Out Nib File (Coarse) **\$16.99**

35260 Spec-Out Nib File (Fine) **\$16.99**
