COMPAK

COMPAK

Our SpaceKap Compak model was designed to give you 320° of accessibility to maximize internal space. The ergonomic design of this transferable service body allows you to work completely from the outside. This reduces the need to hunch over thus saving you potential back injury.

	Compak 6	Compak 8
Interior Height	44"	44"
Width on Floor	49.5"	49.5"
Length on floor	82"	98"
Weight	560 lbs	650 lbs
