

J403HD

*Heavy-Duty Power for
Any Job, Any Engine*

LOKITHOR

Next-Level Battery Tech

Powered by a 4S LiPo battery with 236.8Wh, built to handle any jump start challenge

Heavy-Duty Starting Power

Delivers 12V/10,000A of power, effortlessly jump-starting gas or diesel engines up to 16 liters

LIPO Battery Technology

Lightweight, compact, equipped with the latest BMS system for for maximum performance in a smaller, more efficient package

All-in-One Utility

Stay ready with ultra-fast two-way USB charging and a 400-lumen LED flashlight

3in1 J403HD

1. Heavy Duty 10,000 Amp Jump Starter
2. USB Power Bank - 100W
3. 400 Lumen LED Flashlight with SOS & Strobe

LOKITHOR

Specifications

Capacity	236.8Wh
Starting voltage	12V
Peak current	10000A
Input	DC 60W USB-C 100W
Output	USB-A QC 18W USB-C 100W
Battery Life	>1,000 cycles in good condition
Charging Time	Estimated 2-3 Hrs
Gas Engine Rating	Up to 16 Liters
Diesel Engine Rating	Up to 16 Liters
IP CODE	IP65
Charging Temp	0°C ~ 45°C
Storage / Operating Temp	-20°C ~ 50°C
Dimensions (L*W*H)	271*211.77*77.8mm
