

# QUICK←BACK

**QUICK-RELEASE TIE-BACK**

PATENT PENDING

**THE WORLD LEADER IN HEAVY DUTY  
DETACHABLE TOWING.**

Tired of dealing with stretched or broken cable-hook tie-backs? The patented QUICK-BACK quick-release tie-back system enhances the safety of your recovery operation but also streamlines the process, saving valuable time by making it simple and easily releasable. On the scene, they are easily deployed by simply engaging the winch, with no worry of damage to your vehicle.

The QUICK-BACK is available in numerous configurations and built to fit not only Zacklift products but any wrecker. A must have for any heavy towing professional.
