- High intensity LED task light
- Built-in 3A automatic charging system
- Coupon for out-of-warranty service

Power. It's the calling card of a **Jump-N-Carry**. Absolutely reliable, get-it-done without question power. Without it, everything else is window dressing. Its **Clore PROFORMER** battery is specifically developed to perform the jump starting application and is designed to deliver exceptional cranking power, extended cranking duration, numerous jumps per charge and long service life.

Plus, the JNC770R includes numerous features to make jump starting more effective and convenient. Its 68" cable reach enables it to reach the starting points on vehicles of all shapes and sizes. On most vehicles, the unit can be positioned on the ground and still reach the battery / starting points. Our new PowerJaw clamps deliver maximum power transfer (rated to 1000 amps) and durability, thanks to their alloy core and dual molded design. A master ON/OFF switch ensures that the clamps are inactive during transportation and storage.

A 3A built-in, automatic charging system makes recharging the unit fast and hassle-free. Dual USB outlets and a high intensity LED task light provide added functionality. A Repair Service Coupon enables the end user to seek a low cost, fixed fee repair after the warranty period.

Model No. JNC770R PREMIUM 12 VOLT JUMP STARTER

BUILT-IN CHARGER

The ultimate in convenience, it never gets lost. Features fully automatic 3 amp charging system, allowing the unit to be kept in an always ready state.

HEAVY-DUTY CABLES

Extra-long 68", heavy-gauge cables remain flexible in extreme temperatures and enable ideal unit placement during jump starting.

NEW POWERJAW CLAMP

Our PowerJaw™ clamp utilizes an innovative design that makes the entire clamp the jaw for increased capacity. Features a dual-molded grip and 1000A capacity.

SERVICE COUPON

\$100 *Repair Service Coupon* **\$100**

Use it... abuse it. Heck, run it over with a semi-truck. No problem, we'll take care of the unit. It doesn't even have to be assembled. Simply return your JNC770 (or all of it's parts, properly and safely packaged), along with this coupon. We will either recondition the unit or replace it with a refurbished unit and return it to you for a fee of just \$100.00. Complete the reverse side of this coupon and return it, along with your \$100.00 payment and your unit to Core Automotive. It's that simple!

Our **Repair Service Coupon** enables a one-time product repair/refurbishment after the warranty period for a fixed fee.

Working in the vicinity of a battery is dangerous — always wear protective eye wear!

LED TASK LIGHT

High intensity LED task light is perfect for low light situations.

12 VOLT POWER SUPPLY

To power accessories, with automatic circuit protection to prevent overloads.

USB POWER SUPPLY

Dual USB ports (1.1A and 2.1A) provide charging power to small electronic devices.

CLORE PROFORMER BATTERY

Jump-N-Carry jump starters feature high performance, replaceable **Clore PROFORMER** batteries, specifically developed for vehicle jump starting applications.
