VXE™ Warning Light

We're excited to launch our latest innovation in emergency vehicle lighting, the **VXE™ Warning Light**. Designed to set a new standard in discretion and visibility, the VXE will revolutionize how emergency vehicles light up the roads.

Sleek Design, Maximum Visibility

The VXE balances a discreet, streamlined design with unparalleled visibility. Seamlessly integrating into the vehicle's exterior, this low-profile light is sleek and unobtrusive while ensuring the highest level of visibility for safety and efficiency. The VXE is available with a Clear or Smoked lens.

DUO™ and TRIO™ Functionality

DUO and TRIO functionality sets the VXE apart from similar lighting solutions on the market. This feature allows for multiple color outputs from a single light, enhancing visibility and signaling capabilities in various emergency scenarios. VXE boasts SAE Class 1 Certification, ensuring compliance with the highest safety standards.

Flexible Mounting Solutions

One of the standout features of the VXE is its grommet mounting style and compact 1" diameter, allowing for versatile flush mounting applications. Whether installed on bumpers, rear hatches, or the sides of vehicles, the VXE fits perfectly, providing flexibility without compromising performance.

The VXE's unmatched combination of functionality and design efficiency is **backed by our industry-leading 10-year warranty** and provides a crucial upgrade for any emergency fleet.

Enhance your fleet's safety, efficiency, and visibility today with VXE!

Please contact your Whelen sales representative with any questions.
