

Installation Instructions

SL66AO, SL66AG, SL66AC, SL66CA, SL66CG, SL66GO and SL41AR LED Recessed Strobe Lights

All strobe lights can be connected so the flash pattern is synchronized (simultaneous flash) or alternate flash side-to-side.

1. Connect all lights to a standard 3-pin power harness with the wires connected as shown for desired flash pattern.
2. Connect the GREEN and YELLOW wires as shown below for desired synchronized pattern.

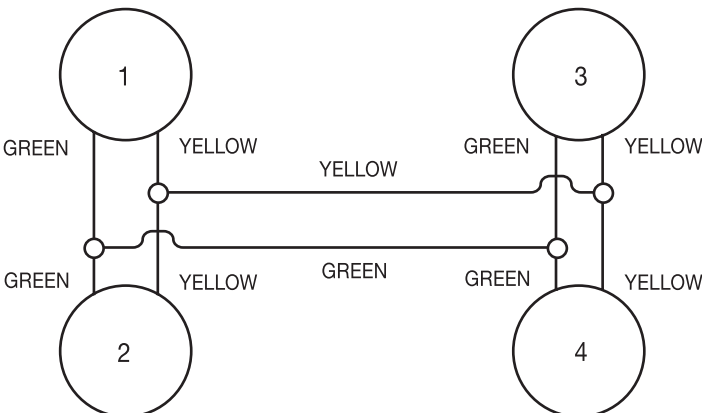

A. Synchronized Strobes (Simultaneous Flash)

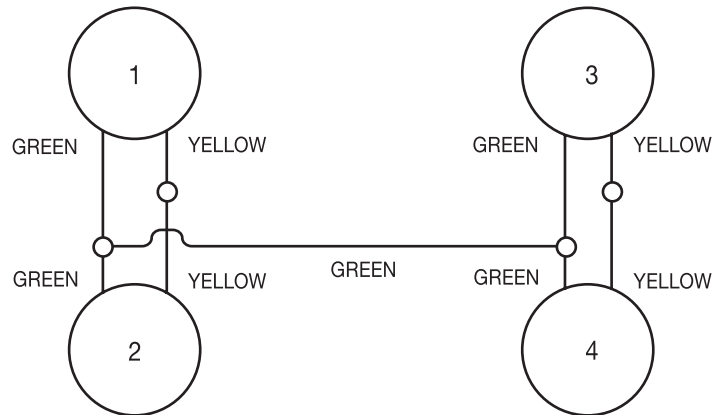

B. 2 Alternating Strobes (Side-to-Side)

C. 4 Synchronized Strobes (Simultaneous Flash)

D. 4 Alternating Strobes (Side-to-Side)

Lead Wire Color	12-24 Volts to Power Source	Flash Pattern
White	Ground (-)	N/A
Black	Positive (+)	Dual
Red	Positive (+)	Quad
Red & Black	Positive (+)	Sixfold

WARRANTY

Buyers Products Co. warrants all truck/trailer hardware manufactured or distributed by it, to be free from defects in material and workmanship for a period of one year from date of shipment. Parts must be properly installed and used under normal conditions. Any product which has been altered, including modification, misuse, accident or lack of maintenance will not be considered under warranty. Normal wear is excluded. The sole responsibility of Buyers Products Co. under this warranty is limited to repairing or replacing any part or parts which are returned, prepaid, and are found to be defective by Buyers Products Co. Authorization from Buyers Products Co. must be obtained before returning any part. No charges for transportation or labor performed on Buyers' products will be allowed under this warranty.
