Product Information

Rough terrain, dirt and even water are no match for Race Sport Lighting's glow pod lights. These tough little LED undercarriage lights are great for off-roading at night in your truck, Jeep, or power sports vehicle! It adds a fun touch of illumination to any tailgate party and functions well as a truck bed light, interior or exterior boat light, and dock light.

The super glow pod light contains 3 Cree LEDs that have an amazing output and emit a wide 150° beam angle. Each pod is self-contained in a waterproof aluminum housing with polycarbonate lens and has an epoxy resin potting to protect internal components. The rubber gasket (for flat or round surface mounting) reduces shock and heat exposure while helping to guide wire. The energy-efficient LED light is designed to last 50,000 hours and operates within a wide 9-32V DC range. Red, white, yellow, blue, and green LED glow pods install easily with included power wire and hardware.

Part # 1005244 Est. Labor
Part Type ID 15452
Gross Weight 3.650 Width 8.000
Net Weight 3.650 Height 2.000
DIM Weight 1.266 Depth 11.000
