Product Information

These Hot new LoPro Dual Function LED Light Bars are exactly what you need for the best of both worlds of onroad and offroad. Use the Lo power Amber running marker lights as onroad, and the white hi power LED's as offroad when needed. The Ultra Slim Design is the thinnest in the world, and still puts out more LUX output than most larger dual rows. You will not be disappointed with the performances of this light bar, and you will be turning some heads while driving.
