Product Information

This amazing new 8-Button Digital Switch Panel from Race Sport Lighting features some amazing switching capabilities for your complete lighting systems. Our new RS8BASP can control up to 8 auxiliary lighting systems and comes with a logo sheet to pick out the labels you want for the set up. The Panel is an Ultra slim touch design for easy installation in the spots you want in the vehicle. The blue indigo LED lighting is a nice touch on the face with the voltage meter displayed right in the middle of the panel to gauge your total voltage in the system. Run up to 30Amp Auxiliary lights on this system on the high amperage switches.

Bonus - Hit the Button once, and turn the light on, hit the button twice and make any light strobe!
