

AWDIRECT

Zip's AW Direct Straps.

Our straps are built to be **safer, stronger and last longer** than any other strap in the industry. We have a variety of products using this **patented material**, including tie-down kits, magnetic axle straps and lasso straps. Take advantage of **free shipping** on all orders of \$199+ and get your straps shipped today! Visit Zips.com/zips-aw-direct-straps to learn more!

A safer alternative to standard straps.

These one-of-a-kind straps are made with a reflective webbing that adds visibility in any low light situation.

Magnetic Axle Straps

Lasts longer than any other strap.

Our straps are made with a PVB coating that resists grease, dirt, chemicals, UV rays and weather erosion. The finished edges reduce tears, cuts and abrasions.

Wheel Lift Straps

Stronger than your typical strap.

ToughGrade webbing is a thicker grade than standard straps and provides you with a higher working load limit.

8-Point Tie-Down Kits

Durable, long lasting and very universal.
Customer in Ringoes, New Jersey

I will buy this product again and again.
Customer review of a Lasso Strap

Very well-made strap, well worth the money.
