Features and Benefits

- Die-cast aluminum base is coated against corrosion and designed for vibration resistance and heat dissipation
- Thread-on polycarbonate lens and snap-fit flashtube allows easy field service
- Shock-resistant circuit board mounting incorporates seven support points
- Circuit board is conformal-coated to prevent corrosion
- Temperature Range: -22°F to +122°F (-30°C to +50°C)
- Warranty: Strobe = 2 years, Flashtube = 6 months
