

MicroPulse® C Series | External Mount/Perimeter Lights

FEATURES

- Superior warning with (6) or (8) high-powered LEDs
- Single-color and dual-color models available
- Includes Black surface mount bezel and stud mount; optional White and Chrome bezels are available
- Low-profile for discrete mounting

APPROVALS

Single-color Models

- SAE J845 Class 2 (Amber, Blue, Red, White)
- SAE J595 Class 1 (Amber, Blue, Red, White)
- CCR T13 Class B (Amber, Blue, Red)
- IP67

High Performing Warning Light

- Single/multi-unit synchronization
- Single-color models have (27) flash patterns. Dualcolor models have (18) flash patterns
- Select dual-color combinations are available as Steady Burn models
- Five-year warranty

Dual-color Models

- SAE J845 Class 3 (Amber, Blue, Red, White)
- SAE J595 Class 2 (Amber, Red, White) and Class 1 (Blue)
- CCR T13 Class B (Amber, Blue, Red)
- IP67

MicroPulse® C Series lights are ideal for police cars, commander and work truck vehicles. The slim-line shape easily mounts on grille, rub rails, or other vertical surfaces. MicroPulse C Series models come in a variety of LED colors including Amber, Blue, Red and White, as well as dual-color combinations. Single-color models have (6) LEDs and dual-color models have (4) LEDs per color, for a total of (8) LEDs. The advanced high-output LED light head can be programmed to operate as a single unit or in synchronization with multiple MicroPulse light heads.

Select dual-color C Series models are also available in Steady Burn models for use with the Pathfinder. Siren. The combination of Steady Burn models and the Pathfinder Siren allow the Pathfinder to control lights around the vehicle by utilizing flash patterns in the siren, syncing/alternating light heads, and dimming light heads.

Built to Last

The MicroPulse C Series lens is made of UV resistant polycarbonate to protect against harsh conditions. Certified to meet IP67, the MicroPulse C Series has a fully encapsulated water-proof housing that provides a barrier against dust and water.

Models come standard with a Black bezel and stud mount. Optional White or Chrome bezels are also available.

Versatile Solution for Warning Light Application

Suitable for external mounting applications, each model includes a Black surface mount bezel and a stud mount. Shown below is the MicroPulse® C Series installed in the pre-drilled grille of the Ford Police Interceptor Utility, 2016-2019 and 2020-2021.
