## WIRELESS REMOTE

### The Ramsey Wireless Remote Controller. Just Winch and Go!

Our patented (US # 6,995,682) Wireless Remote works without cables or switches and gets you winching faster. Just press the remote and you're ready to go! Start, stop, in or out. The wireless remote lets you operate your winch from up to 50 ft. away and works on other brand name winches. Even if you don't own a Ramsey Winch, chances are you can still use the new Ramsey Wireless Remote.

#### Product Features

- Patented design (US # 6,995,682)
- Remote range up to 50 feet
- Transmitter equipped with long-life battery and power saver circuit
- Weatherproof transmitter and receiver
- Installs in minutes
- Visual indicator light shows remote operation
- Additional transmitters available to operate receiver
- Works on virtually all electric, self-recovery front mount winches
- Transmitter replacement battery readily available

#### Part Numbers

**251200** - Ramsey electric front mount winches

**251201** - Warn electric front mount winches

**251190** - Remote transmitter

**WARNING:** The Ramsey Wireless Remote is designed for use on front mount self-recovery winches only. The remote is not designed for and should not be used on winches or hoists in industrial applications (commercial car haulers/carriers, wreckers, cranes, etc.) or for any other remote controlled applications.

## SYNTHETIC ROPE

### Are You Looking For Synthetic Rope?

Look no further! Ramsey now has available synthetic rope designed and approved for Ramsey self-recovery automotive winches.

Synthetic rope is an excellent choice as an option for those who do not want wire rope. Synthetic rope is light weight, pliable, easy to handle.

Made from Technora™ which provides excellent heat resistance, our synthetic rope is available in 100' of 3/8" with 1/2" clevis hook with safety latch. A 10' (3M) rock shield will give extra protection against wear and abrasion. Rated for winches up to 9,500 lbs capacity.

What are you waiting for?

#### Product Features

- 100 ft. (30,5M) of 3/8" (9MM)
- Oversized 1/2" clevis hook with safety latch
- Extremely strong Technora™ fiber rope with excellent heat resistance
- Black 10' (3M) rock shield

#### Recommendations:

- For 9,500 lbs. and smaller self-recovery winch models only
- Aluminum hawse fairlead (Part number 251266)

#### Part Numbers

**251262** - Synthetic rope 3/8" x 100' and 1/2" clevis hook with safety latch

**251266** - Aluminum Hawse Fairlead for synthetic cable

**Note:** Anchor not designed to hold load a minimum of 8 wraps of rope around the drum barrel are required to hold the load.
