## Thank You For Choosing
## Phoenix USA, Inc.

Since 1985, Phoenix USA, Inc. has been providing dependable quality service to our customers and partners. We are located in middle Tennessee in the city of Cookeville, and our facility totals more than 145,000 square feet.

Our broad range of production abilities offers a unique solution to your company's needs. The added value of issuing one purchase order to one vendor offers our partners an advantage in increased productivity, decreased inventory costs, and an ability to concentrate on your core competencies.

Phoenix USA, Inc. is an ISO9001 registered company that continuously strives to meet the highest industry standards.

Phoenix USA, Inc. also offers an additional product line... The Tow-Rax® line of storage solutions for your garage, shop & trailer needs.

If you would like an additional catalog, feel free to call our customer service representatives at 931.526.6128, send a request via email to our helpful customer service staff at cs@phoenixusa.com or visit us online and view our full line of products.

# GLOSSARY OF TERMS & DEFINITIONS

Oval –

Round –

**Wheel Simulator/Liner** A cover for a wheel (normally a steel wheel) that gives the appearance of a chrome or polished aluminum wheel. Usually wheel simulators are made from stainless steel.

**DOT-Liner®** A Simulator that mechanically attaches to the wheel, but does not require the removal of the lug nuts for installation.

**UNI-Liner®** A Simulator that mechanically attaches to the wheel does require the removal of the lug nuts for a universal fit to wheel.

**Quick-Liner®** A Simulator that attaches to the wheel using a friction fit and/or clips does not require the removal of the lug nuts or any tools for installation.

**Jam nut** A hex head nut used to mechanically attach a DOTLiner.

**Jam nut cover** A stainless steel cover that fits over the top of a jam nut for cosmetic purposes.

**Stud extender** A tube that is threaded on the inside and outside used to "extend" the OEM stud length to be able to attach the DOTLiner® wheel simulator.

**Hub cover** A cover for only the center hub.

**Pop-in/Baby Moon** Usually associated with hub covers for the front aluminum wheel.

**Smooth** A hub cover that is a one piece, with no logo indention

**Emblem** A hub cover that is a one piece, with logo indention

**Open** A hub cover that is a one piece, with an open center area

**Hand hole (HH)** The openings on a wheel or wheel liner

**Bolt Circle (BC)** The measurement between the stud center to the opposite side stud circle center.

**Stud hole** The opening that the stud will protrude thru the wheel.

**Stud** A threaded bolt used to thread a lug nut.

**Lug nut** A nut used to thread on a stud for attaching the wheel to the axle.

**Stud piloted** The wheel is "centered" or located into the proper location by the lug nuts. The lug nuts are usually tapered on one end and flat on the opposite end. Sometimes referred to as a Ball Seat Wheel.

**Hub piloted** The wheel is "centered" or located into the proper location by the hub of the vehicle. The lug nuts on this type of application are usually black with a flat "swivel" washer on the bottom end.

**Tandem/Dual Wheel** Two wheels are attached to the hub of the vehicle.

**Single wheel** A single (one) wheel is attached to the hub of the vehicle.

**Duplex Wheel/Flotation Wheel/ Super-Single Wheel** 22.5" wide base wheels that are over 9" wide and have a recessed center.

**Tandem axle** A pair of axles spaced close together.

**"Clocking" a wheel/liner** The process of rotating a wheel or wheel liner in order to line up hand holes, valve stem, and to ensure proper fit, etc.
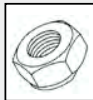

**CONTENTS/GLOSSARY**

# Information you might need to determine the right simulator

1. Find the wheel # at the location shown on Figure 1 to the right. Wheel #'s are usually used for larger size wheels.

2. Find the wheel diameter at the location shown on Figure 1 to the right.

3. Count the number of lugnuts.

4. Note the shape of the lugnuts:

**HUB PILOTED**

**STUD PILOTED**

5. Note the type of wheel:

**DUAL WHEEL**

**DUPLEX WHEEL**

6. If you have dual wheels, count the number of hand holes on your wheel.

**HAND HOLES**

| 2HH | 4HH | 5HH | 10HH |
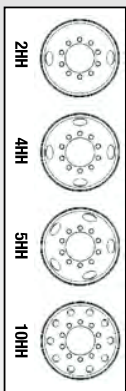

7. Note the hex size of the lug nuts.

Hex Size

**Hub Pilot**
30mm (1 3/16")
32mm (1 1/4")
33mm (1 5/16")
38mm (1 1/2")

**Stud Pilot**
1.5"
1.75"
41mm (1 5/8")

**Figure 1**

8. Some mounting styles require at least 3 threads of the stud protruding through the top of the lug nut for stud extenders.

## WHEEL INFORMATION/MOUNTING STYLES

# D.O.T.Liner®

- Bolts on without removing the wheel lugnuts in 15 minutes.
- Does not violate chassis manufacturer's warranty.
- Mirror polished stainless steel for lasting beauty and durability.
- Pop-out centers for 4WD hubs.
- Protective rolled edge for strength and handling safety.
- Secure bolt-on installation.

**D.O.T.Liner Installation is quick and easy...**

*Some applications use a one-peice jamnut and jamnut cover.

# QuickLiner®

- Secure snap-on, do-it-yourself mounting provides quick and easy installation with no lugnut removal required.
- Mirror polished stainless steel for lasting beauty and durability.
- Protective rolled edge for strength and handling safety.

# QuickCover®

• Universal no lug removal ring mount simulator
• Rear valve extension included for easy air inflation and pressure checks.
• Under-the-Lug mounting provides stylish look and excellent fit.
• Made from highly polished, durable stainless steel
• Offers easy access to Stemco® oil seals.

# UniLiner®

• Universal mounting fits most dual wheel trucks.
• Under-the-Lug mounting provides stylish look and excellent fit.
• Mirror polished stainless steel for lasting beauty and durability.
• Pop-out centers for 4WD hubs.
• Protective rolled edge for strength and handling safety.
• Secure bolt-on installation.

# CustomLiner®

• Under-The-Lug mounting provides stylish look and excellent fit.
• Protective rolled edge for strength and handling safety.
• Mirror polished stainless steel for lasting beauty and durability.

## MOUNTING STYLES/AIR INFLATION

# AirMax®

**Four Hose Valve Stem Extensions With Heavy Duty Brackets**

• Rugged braided stainless steel
• Two pairs of extensions with brackets
• Quick and easy installation
• Makes checking and filling air easier

**AML1** Four hose kit with brackets for most dual wheels with lugnut hex of 1-1/16" and smaller. Fits part #s NF10, NF11, NF12, NF98, GD816, GDG92, GDG01, GDF16, GDF17, ND20, NDT165, NFS156 part #s.

**AML2** Four hose kit with brackets for part #s NF19, NF22, NF23, NF25, NG510, NG961, NG17, NG18, ND1907.

**AMH1** Four hose kit with brackets for most dual wheels with lugnut hex of 1-3/16" and larger. Fits part #s N252, N552, NH252, NH552, NH8495, NH5092, N6664, N6670, N6681

**AMG1** Four hose kit with brackets for '03-C Chevy/GMC C4500 - C6500 with 19.5" 8 lug wheel.

*NOTE: Use AMH1 with import D.O.T. applications.

# AirPlus®

**Two Hose Inner Dual Valve Stem Extension & Stabilizer Kits**
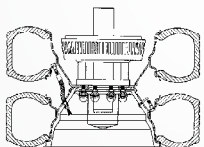

• Rugged braided stainless steel
• One pair of extensions with stabilizers
• Quick and easy installation
• Makes checking and filling air easier
• Ideal for any brand of wheel simulators
• Live stem hoses

Install as shown to make filling and checking tire pressure quick and easy. Wire stabilizers prevent movement. Ideal for any brand wheel simulators.

## Outer Dual Valve Stem Extensions

**AP3** Pair of outer valve stem extensions made of tough stainless steel for durability. Quick and easy installation.

**AP4** Kit fits all light duty wheels with oval hand holes

**AP5** Kit fits '92-'07 Ford E-350 and E-450 dual wheel w/round hand holes

**AP6** Kit fits '99-C Ford F-450 and F-550

# QuickTrim®

## QuickTrim® Hubcovers For Trailers

Phoenix ABS hubcovers are manufactured from temperature-stable plastic for years of durable service. QuickTrim® hubcovers are the preferred alternative for providing the finished look on trailer wheels. Choose from 5-, 6- and 8-lug applications in either white, black or chrome.

**CHROME ABS HUBCOVERS**
QT545CHN   5 lug on 4.5" bolt circle hubcover (2.75" emblem indent)
QT545CHS   5 lug on 4.5" bolt circle hubcover (1 5/8" emblem indent)
QT655CHN   6 lug on 5.5" bolt circle hubcover
QT655CH2   6 lug on 5.5" bolt circle hubcover
QT765CHN   8 lug on 6.5" bolt circle hubcover (7K axle)
QT865CHN   8 lug on 6.5" bolt circle hubcover (8K axle) with 7/8" lugnut hex

**BLACK ABS HUBCOVERS**
QT545BHS   5 lug on 4.5" bolt circle hubcover
QT655BHN   6 lug on 5.5" bolt circle hubcover
QT765BHN   8 lug on 6.5" bolt circle hubcover (7K axle)

**WHITE ABS HUBCOVERS**
QT545WHS   5 lug on 4.5" bolt circle hubcover
QT655WHN   6 on 5.5" bolt circle hubcover

**6-Lug Chrome ABS Hubcover**

* Logos sold separately.

(CH2 style)

**Chrome ABS Wheel Cover**

## Chrome ABS Wheels Covers

ABS wheel cover installed with QuickTrim® hubcover gives the look of an aluminum wheel while maintaining the strength of the factory steel wheel.

QT544CLO   14" chrome ABS, 5 lug on 4.5" bolt circle (use with QT545CHS & QT545CHN)
QT545CLO   15" chrome ABS, 5 lug on 4.5" bolt circle (use with QT545CHS & QT545CHN)
QT655CLO   15" chrome ABS, 6 lug on 5.5" bolt circle (use with QT655CHN & QT655CH2)
QT656CLO   16" chrome ABS, 6 lug on 5.5" bolt circle (use with QT655CHN & QT655CH2)
QT656CLO   16" chrome ABS, 6 lug on 5.5" bolt circle (use with QT655CHN & QT655CH2)
QT865CLO   16" chrome ABS, 8 lug on 6.5" bolt circle (use with QT765CHN & QT865CHN)

## Lugnut for Aluminum Wheel QuickTrim® Applications

Custom-made lugnut designed for aluminum wheel applications. External notches provide multiple hubcover mounting points.

| **TBP007** | SUPER HEAVY DUTY toolbox L-arm mounting brackets recommended for STTB78 towbox |

### Wiring Harness
**PH3121**

Originally created for the Phoenix USA Top Mount Storage Tray this high end wiring harness can accomodate up to five separate items, either interior or exterior. Works great with any size tool box tray and has any number of potential uses limited only to your imagination. The diagram shown here shows three interior LED lights (DLC122LF), and two 2" LED marker lights, but there is no shortage of possible configurations.
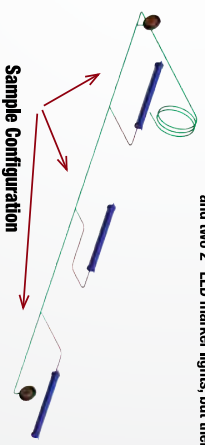

**Sample Configuration**

### Rotation Kit

Save time and money by stocking your tow necessities in one comprehensive kit.

**ACCESSORIES**

## Retractable Hose Reels

**HR3825** This industrial hose reel features a 25' long, 3/8" diameter hose with a spring-driven drum rewind. A locking ratchet also allows users to maintain any desired length during use. Fits inside any 18D x 18H or larger toolbox.

## 12V Air Compressor

**AC3P**

Portable air compressor features a 3 gallon tank, 3/4hp motor and vibration dampening feet. Fits any 18D x 18H or larger toolbox.

**AC3PK** Kit includes everything you need to mount inside your toolbox: air compressor, hose reel (HR3825), 50 amp breaker and compressor-to-reel hose.

## Cordless Impact Wrench

**Two batteries • Charger Stand • Carrying case • in retail packaging**

Weighing only 5.9 lbs., the Cordless Impact Wrench provides power in a lightweight design. Wrench features a variable speed switch to provide the option of increasing and decreasing speed based on trigger pressure. Above the trigger switch is a selector that allows the wrench to work in a forward or reverse direction. And for those hard-to-see areas, a bright LED light illuminates when the switch is depressed.

**Part # SPIW**

Voltage: 18 VDC
No load speed: 2,100 rpm
Impact frequency: 3,000 blows per minute
Impact torque: 206 ft. lb.
Battery cell type: Ni-Cd
Input: 120v/60Hz
Charging time: 90 min
Weight: 5.9 lbs.

## Tow Lights

Magnetic mount tow lights feature Lexan lens, rubber housing and 25 feet of rubber-coated cable.

**M400** Magnetic mount tow lights with plastic case
**M401** Magnetic mount tow lights w/o plastic case
**M401LED** LED Magnetic mount tow lights w/o plastic case

**POLICY PREFACE**
We have made every effort to supply our customers with literature that is informative, descriptive, and accurate; however, we are not responsible for errors or misinterpretations of the products contained herein. Because of our quest to bring the best and most current products when your business needs them, we also reserve the right to make changes in part numbers, specifications, & prices without notice.

**TERMS**
C.O.D., Cash, Visa, MasterCard, or Net Terms on Approved Credit. Any net account that is beyond their credit terms will have their orders placed on credit hold and will be charged a 1.5% service charge on past due invoices. N.S.F. returned checks will be charged a $35.00 handling fee. Any account demonstrating a history of N.S.F. checks or delinquency of payment will be disqualified for sale.

**FREIGHT TERMS**
All items are offered for sale F.O.B. Cookeville, Tennessee, unless otherwise specified. All orders will be shipped via the most cost efficient method. All freight shipments subject to a fuel surcharge.

**DAMAGE CLAIMS**
All merchandise should be inspected upon arrival and damage claims filed with the carrier immediately. We are not responsible for, nor are we in a position to make, a claim after the freight carrier accepts the shipment from us. The Bill To must file any claims for damages and/ or shortages. Receipient must notate any damages or shortage on the bill of lading at the time of receipt.

**RETURNS**
All returned items must have prior approval and the Return Material Authorization (RMA) marked on the outside of the carton. RMAs have an expiration date of 60 days; after 60 days the return will become null and void. All returns are subject to a 25% or greater restocking fee. Phoenix USA, Inc. will not authorize any returns that are not properly packaged or in the original packaging. No credit will be issued for product that has been damaged, altered, or mounted. The customer is responsible for all freight charges on the returned merchandise. There will be no return approval on special order items or items not kept in stock.

**MINIMUM ORDER**
All orders must have a minimum total value of $50.00 or service charges may apply.

**SHIPPING**
All orders for products in stock received by 1:00 PM Central Standard Time Monday through Friday will be shipped the same day.

**WARRANTY**
All Phoenix USA, Inc. products are warranted for suitability and workmanship, but should be inspected on arrival to ensure accuracy. We do not warranty any products that have been incorrectly installed, repaired, altered, or otherwise misused. Customer is responsible for all freight charges on warranty returns.

**SIMULATOR LIMITED WARRANTY**
Phoenix USA, Inc. warrants the stainless steel wheel simulators it markets to be free from manufacturing defects for a period of 3 years from initial sale to the initial purchaser. Any potential claim should be initiated by contacting the warranty department at Phoenix USA to request a Returned Material Authorization number so that the defective item only can be returned to Phoenix USA for inspection and evaluation. If it is determined that the part in question was, in fact, defective, the part will be replaced at no charge. NOTE: Phoenix USA Stainless Steel Wheel Simulator Products are protected under one or more of the following U.S. Patents: #4,932,724; #5,096,263; #5,193,884; #5,205,614; #5,205,616; #5,277,478; #5,286,093; #5,645,324; #5,669,672; #5,676,430; #5,695,257; #5,722,735; #6,511,132; #5,890,773; #6,152,537. Other Patents Pending.

**ORDER CONFIRMATION**
To ensure accuracy, please use our FAX for original and/ or confirmation orders instead of phone.

**ORDER ACCEPTANCE POLICY**
We will accept orders from qualified manufacturers or resellers. We reserve the right to refuse to sell to individuals or firms which we believe to be unqualified. Possession of any Phoenix USA, Inc. published literature is not necessarily an offer to sell.

To request product information or to order 24 hours a day, 7 days a week, please use our email address: cs@ phoenixusa.com, our FAX # 931.526.1795 or visit us online at www.phoenixusa.com.
