VEHICLE PRODUCTS®

## BKDLX3, BKDLX4, BKDLX6F

- High intensity Star Generation IV LEDs
- 12 customer selectable flash patterns in either of two phases, plus steady-on
- Fully encapsulated circuitry within housing for vibration and water protection
- S-Link System™ synchronizing capability with other Star LED units
- Interior/exterior mount
- Designed for flush or bracket mounting
- Versa Star® optional mounting brackets also available
- Includes 6" cable and connector
- Colors available: **DLX3** - A, R, B, W  
**DLX4, DLX6F** - AA, AW, BB, RR, RB, RW, WW, AR, AB, BW

## BKLDHF311-A-10

- LED hide-a-way heads easily install in 1" mounting holes
- Perfect for new installs or to replace existing strobe heads
- Spherical LED heads are designed with diffusing optics for extremely wide angle light output
- 12 different selectable flash patterns in either of two phases, plus steady-on
- Customer changeable colored lenses included in White kit only
- Advanced thermal heat management
- Nickel aluminum housing
- Includes 18" head side cable and 10' cable with connector
- S-Link System™ synchronizing capabilities with other Star LED units
- Colors available: A, B, R, W

## BK200ZHRL, BK200ZHRLP-A

- 4 LED Star Halo® rotating version
- 12 customer selectable flash patterns, including steady-on
- Durable polycarbonate, twist on/off lens
- We also have a 3/4" pipe mount version
- Includes 18" cable and connector
- Heavy die cast base
- Voltage: 12-24V DC
- Amber only

## BKDLITE, BKDLITS

- Six super bright Star Generation VI LEDs
- 12 different selectable flash patterns in either of two phases, plus steady-on
- Includes 6" cable and connector
- S-Link System™ synchronizing capabilities with other Star LED units
- Voltage: 10-30V DC
- Colors available: AA, AW, BB, RR, RB, RW, WW, BW, AB, AR

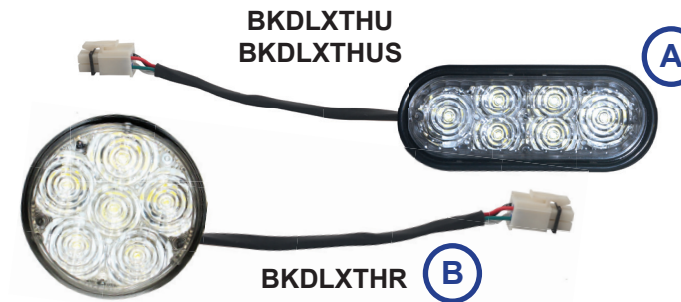

## BKDLIT3E, BKDLIT3S

- Three super bright Star Generation V LEDs
- 12 different selectable flash patterns in either of two phases, plus steady on (only 13 customer selectable flash patterns if you have one DLIT light)
- Includes 6" cable and connector
- S-Link System™ synchronizing capabilities with other Star LED units
- Voltage: 10-16V DC
- Colors available: A, B, G, R, C

## BKDLXTHR, BKDLXTHU

- Six Star Generation IV LEDs
- 12 different selectable flash patterns in either of two phases, plus steady-on
- Fully encapsulated circuitry within housing for vibration and water protection
- S-Link System™ synchronizing capability with other Star LED units
- Interior/exterior mount
- Trapezoidal optics only for BKDLXTHR
- Includes 6" cable and connector
- Colors available: A, Blue with Clear lens, Red with Clear lens, W (**DLXTHUS** - AG, AW)

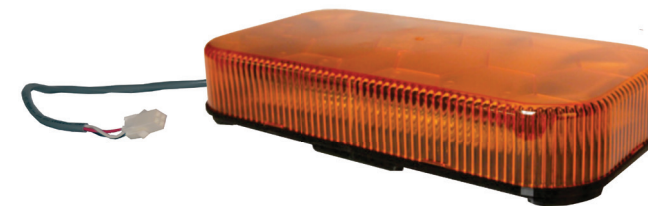

## BK9016LED

- M-Tech Plus® LED technology that provides a superior 360° warning light image
- 20 customer select flash patterns
- S-Link System™ synchronizing capability with other Star LED units
- Exterior mount
- Can only use BKSWH-357 cable with this model
- Includes 30" cable and connector
- Customer can remove dome to change pattern
- Colors available: AA, AW, WW

## BK9100LED

- Super bright M-Tech Plus® LED technology that provides a superior warning light image
- S-Link System™ synchronizing capability with up other Star LED units
- Exterior mount
- Includes 30" cable and connector
- Can only use BKSWH-357 cable with this model
- Shipped in quad flash mode unless otherwise specified
- Colors available: AA, AW, WW

## BK255H8TCL, BK255H8TSL

- Eight Star Generation IV LEDs
- 12 different selectable flash patterns in either or two phases, plus steady-on
- Lightweight polycarbonate, universal, flange base: three-hole permanent mount, 1" pipe mount
- Includes 18" cable and connector
- Fully encapsulated circuitry within housing for vibration and water protection
- S-Link System™ synchronizing capability with other Star LED units
- Colors available: A, B, R, W

## BKDLXT-121

- High intensity, PLCC4 LEDs
- Fully encapsulated circuitry within housing for vibration and water protection
- S-Link System™ synchronizing capability with other Star LED units
- Interior or exterior mount
- 10 different selectable flash patterns in either of two phases, plus steady-on
- Includes 6" cable and connector
- Colors available: AA, AW, BB, RR, WW, RW, AR

## BKDLS306

- Omni-directional, mounts in any direction
- Six Star Generation IV LEDs
- 12 different selectable flash patterns in either of two phases, plus steady-on
- Fully encapsulated circuitry within housing for vibration and water protection
- S-Link System™ synchronizing capability with other Star LED units
- Includes 6" cable and connector
- Colors available: AA, AW, BB, RR, RB, RW, WW, RB
