Skookum blocks are competitively priced against other domestic blocks of the same load capacity at a fraction of the weight. High quality bronze bushings and latched swivel hooks come standard.

- Lightweight - less than 44 lbs. for a 15 Ton Block!
- For use with **Wire or Synthetic Rope**
- Latched Forged Swivel Hook comes as standard equipment
- Innovative lightweight hook combines a custom high strength alloy with a low profile design, creating a tremendous weight to strength ratio
- 4:1 Design Factor
- Lightweight composite sheave is made with a material blend that is specifically designed for increased strength and durability
- Should any marring of the sheave tread occur, the composite material will cause **NO** abrasion on the wire rope, unlike traditional alloy sheave materials
- ASME B30.26 Compliant
